

# QSchools

mobile app

The QSchools app is a convenient way to share up-to-the-minute information with the school community.

The app is designed to integrate with Websites for Schools websites. When a school publishes content to their website, the app is automatically updated with the latest news, events and newsletters.

Emergency announcements and push notifications, such as information about natural disasters and school closures, can be published by the department.

All Queensland state schools are searchable via the app, however only schools who have upgraded their school website with Websites for Schools will benefit from all the features of the app.
