# ROSEDALE STATE SCHOOL

## CENTENARY 1896-1996

*The future - built on our past.*

**ROSEDALE STATE SCHOOL**  **1896 - 1996**

James St Rosedale Qld 4674 Ph (071) 565175

### FOREWORD

Mr. Russell Knowles  
Principal Rosedale State School - a P-12 Campus

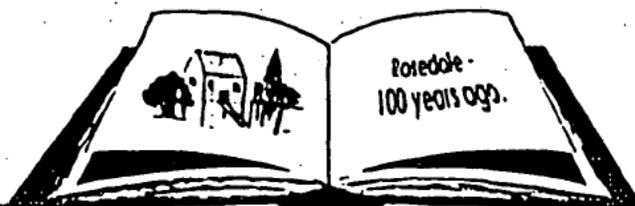

Rosedale is an outstanding school which provides its students with every opportunity to achieve excellence in all areas of school life. For me, to have been Principal of such a wonderful school, has been an honour. To be the Principal at such a special time has provided me with some exciting challenges and treasured memories. The opportunity to listen to and assist in the recording of the recollections of past students and staff has certainly enhanced my knowledge of the history of education and of our school district.

The theme of the centenary celebrations is "The Future Built On Our Past". If the proud traditions established over the last 100 years are anything to go by, I believe that Rosedale State School has a very bright future to look forward to.

This record of the last 100 years has been a pleasure to compile. I would like to present it as a gift to all Rosedale pupils, community members and staff as a platform for future development over the next 100 years.

*Russell Knowles*

**RUSSELL KNOWLES**  
**PRINCIPAL**

*The future - built on our past.*

ROSEDALE STATE SCHOOL  1896 - 1996

James St Rosedale Qld 4674 Ph (071) 565175

100 years, a time for past pupils and teachers and the district's community to recall memories of their association with Rosedale School as they knew it, also for present day pupils and teachers to imagine what this School may have been like through time to what we have before us today.

Of course students and teachers are a part of the School, but I like to think our Parents and Citizens Association - past and present - have contributed to making Rosedale School what it is.

I will close by thanking all who have given time and effort towards the organising of this centenary celebration and we look forward to the 13th July, 1996, as your reward.

Thanks,

Don Hills.

*"Really the routine at school in 1920's was not so great,  
but all of the children were good mates and all did their best."*

*Aud & Win Lloyd Jones*

## Early History of Rosedale

- The Little family, first settlers of Rosedale, set out from Bathurst in 1851, with 2,000 sheep, 100 head of cattle and a number of horses. They arrived here on 14th July, 1853. Their selection comprised of three 25 square mile blocks ~ on a 40 year lease.
- The name "Rosedale" was selected by Mrs. Little. Her husband was writing his first letter after setting in the district and asked her what address he should give. She simply answered "Rosedale".
- Until 1859 wool was sent to Maryborough by wagon, provisions being brought back on the return journey ~ which often took two months for the round trip. Their provisions included flour (purchased by the ton) and a chest of tea and rice. Later on Mr. Little chartered the "Albion", a small steamer, to bring rations and take the wool to market in Sydney. It berthed in Baffle Creek each year.
- The maximum number of sheep run at Rosedale was 10,000, however, a series of wet years proved the country unsuitable for sheep, the sheep were subsequently moved to land on the Dawson and cattle were run on "Rosedale".
- Aborigines were numerous in the area but usually confined their depredation's to sheep stealing and cattle spearing. After several unprecedented attacks on shepherds, the whites were forced to drive the tribe out of the district ~ an unfortunate incident in the history of this area. (It became known as the Littabella massacre).
- During their journey north, they camped on a creek near what is now Rosedale. That night they consumed a bottle of rum and put the empty bottle in the fork of a tree and called the creek "Bottle Creek".
- It was not until 1895 that the first steam train pulled into Rosedale and for some time there were two trains a week from the South. It was two years later before the line was completed through to Gladstone. With the line came the first butcher shop in Rosedale, owned by Mr. Leabon and also the surveying of blocks used for dairying, growing of corn, English potatoes and other vegetables.

- In 1900, the mining of Wolfram began. The first load of Wolfram – two tons was brought out by a horse team lead by Bert Wills. Mining of copper, lime and manganese was carried out also.
- The worst drought in the history of Rosedale and district occurred in 1902–3 when not a drop of rain fell for nine months. Surface water was scarce and records show that the big lagoon at Rosedale Cattle Station went dry. Many animals died and this meant ruin for many families. This was followed by a tremendous flood when water flowed in the windows of the house now occupied by the Hales on Baffle Creek.
- In 1911 Mr. Albert Kleinschmidt Senior, arranged the first naturalisation ceremony, which was held at the Rosedale Hotel.
- Disaster struck the district in 1913 when in January of that year recordings taken showed that 73 inches of rain fell in a week, 68 inches of this in three days.
- In 1924 on the 21st November, the Little Memorial Church of England was dedicated by Rev. Crick. The Church was originally built by the Little family.

## **FIRST ROSEDALE BUS**

The first school bus was an old ambulance vehicle. The first school bus to Rosedale State School was started by Donny Neill's father, Bob (berty) Neill. The bus run was down to Newton's Road, through the back track. The Mollenhagen children was walk across Bottle Creek to be picked up.

John Mac Intosh.

17452. SCHEDULE I (a). Rosedale Ry Sta.

Application for the Establishment of a Provisional School.

July 15 1895.

To The Honourable The Secretary for Public Instruction, Brisbane.

SIR,

At a public meeting held on the 22 day of May 1895, at Rosedale, of which fourteen days' notice was duly given in accordance with Clause 5 of the Regulations, the following gentlemen, namely:—  
*John Mac Intosh W. H. C. Cairns James Ramsay Kelly  
 Carl Schmieder Carl Klaus Wm Wedlock*

were elected members of a Building Committee for promoting the establishment of a Provisional school at *near Rosedale Ry Station*

2. Mr. *John Mac Intosh* has been appointed Secretary to the Committee. His postal address is *Rosedale Ry Station*

3. The number of children between the ages of six and fourteen years likely to attend the proposed school is *thirteen*. Annexed is a list of the same, and of their parents, which we certify to be correct.

4. The nearest school maintained or subsidized by the State is at *Murray's Creek*, distant *7* miles from the proposed site by the nearest road. The nearest State or Provisional schools within a radius of ten (10) miles are the following:—† *Murray's Creek*

5. Enclosed is a lithograph plan of the locality showing the position of the proposed site, and of the nearest existing schools. The nearest Post Office is at *Rosedale Ry Station*, distant *one* mile.

6. The proposed site consists of † of a *15 acre Reserve* and is situated † *on the South Bank of Bottle Creek between the Gladstone & Wandersburg Road and the Railway*

7. The total cost of the building, offices, tanks, and furniture is estimated at *£450-0-0*

*marked B on plan and made attached to my report. G. H.*

8. Parcels containing school requisites should be addressed as follows, viz:—

*Rosedale Railway Station*

9. We make this application under the provisions of subsection † of Regulation 8, and we undertake to comply with the conditions set forth therein.

10. We have the honour to request that a Provisional school may be established as proposed.

*W. H. C. Cairns  
 John Mac Intosh Secy.  
 James Ramsay  
 Carl Schmieder  
 Carl Klaus  
 Wm Wedlock*

Members of the Committee.

\* This application should be accompanied by a letter giving full particulars.  
 † Insert (if any) names of places and distance from proposed site.  
 ‡ Insert acreage and description, and state whether the land is freehold, leasehold, selected, or Crown land.  
 § Describe position exactly, giving number of portion or allotment, if possible.  
 ¶ See extract from Regulations printed on back of this sheet. Insert either (b) or (c).

*G. J.*  
 Chief Clerk  
 5. 6. 1895

## ROSEDALE STATE SCHOOL HISTORY

Rosedale School started as a provisional school in 1896 after much negotiation with the Department of Education. A building committee constructed the school opposite the railway station on a school reserve of ten acres which had previously belonged to Elizabeth Mc Cann and was donated by Henry Mc Cann (owner of the first hotel) for 94 pounds. The first teacher, Thomas Butler, opened the school on the 6th July but had no furniture. The enrolment by September was 53 students but the average attendance was below 30. In 1905 District Inspector O. Radcliffe described the building as "one of the largest and most commodious of the provisional school buildings in the district". In 1964 the Department decided to put a school transport service to Rosedale.

A play shed was erected at Rosedale School in 1907 and it became a State School in 1909. In 1912 the school was provided with a ceiling, a back verandah and was repainted. Water closets were provided with strong locks to stop men camping at the water-hole not far from the School, using them at night. The School residence was built in 1933. In 1935 a new School was built by the Department with two school rooms and verandahs on three sides. The new building was due for opening on the 25th January, 1936, but was postponed to the 4th February after the funeral of King George V. The old School was sold for removal to nurseryman C. C. Langbecker. A secondary department was added to the School in 1964 with an enrolment of twenty one students. Before this, high school children from Bororen southwards would make the journey to high schools in Bundaberg each day by rail motor. The rail motor left Bororen at 5:30, reaching Bundaberg at 8:50. Homework was completed on the return journey. There has been a Stirrat family member at Rosedale School from the time of Claude Stirrat in 1921.

1926 - In April it was decided to hold a dance for the School on a Saturday nearest the full moon. The price was 2/- single and 3/- double and the raffle was a pair of hens donated by a Mr. Watson.

In September a concert and dance was held to raise money for a tennis court. One hundred and fifteen yards of wire netting was purchased at two pounds from Mr. Wills. The court was completed by 1927.

1928 - In May swabs were taken at School for carriers of diphtheria. The School was fumigated in the Christmas holidays.

1929 - On the 3rd August letters were written to arrange the first inter-school sports. Schools from Mullet Creek to Karina were invited to Rosedale.

1932 - Due to the School having 62 pupils, Miss E. Courtice was appointed first Assistant Teacher. The Basketball Court was also built.

1933 - On the 4th February the first cricket wicket was made from cement.

1956 - Marjorie Lloyd-Jones was the first student to complete her schooling at Rosedale and she then returned as a teacher.

In November Ron Neumann was presented with a special prize for six years of continuous schooling without missing a day.

1958 - On the 17th June, Terry McLellan represented Queensland in Primary Tennis in Sydney. He later won the under 16 Queensland Titles in May 1960.

1959 - On the 11 July the Golden Jubilee Celebrations were held. Mr K. Wills was asked to plant a tree for Labour Day as he was an original pupil for the Jubilee year.

1966 - In July the school obtained its first piano which was purchased with the proceeds from the concert which was held.

In September it was the first Official Opening of the Secondary Department Wing.

1971 - The school uniform was introduced - The colours were a Blue Tunic and Gold Cord around the waist with White shoes.

1973 - In April the oval was opened.

1975 - On 04 October twelve trees were planted and a fete was held for the Centenary of State Education.

The septic toilets were also built in this year and the first Janitor Groundsman was appointed.

1977 - A metal Adventure Playground was constructed.

1979 - On 24 November the Manual Arts/Home Economics block was built.

1980 - The Tuckshop and Early Childhood centre was opened and a timber Adventure Playground was supplied.

1982 - The Adventure Playground was improved.

1983 - Married teacher accommodation was built and a Cricket practice wicket was constructed.

1984 - A new Primary Double Teaching Space and covered games area was built.

1987 - Tennis Court was built and a Science Laboratory and Demountable building was introduced to cater for the Years 11 and 12.

1988 - The Library was opened.

1993 - An Administration Block was built and opened.

1995 - The new Preschool and a double storey Home Economics/Manual Arts block was constructed. Previous Home Economics room reconstructed into Science Laboratory.

1996 - The new Primary double teaching space was opened.

## STATE SCHOOL, ROSEDALE

The School was opened as a Provisional School on 6th July, 1896, and became a State School on 1st January, 1909.

A Secondary Department was attached to the School as from 1st January, 1964, with an enrolment of 21 students.

The enrolment for the September Quarter, 1896, was 53 pupils.

The enrolment for February, 1964, the first month for the Secondary Department was:-

Primary School:	56 pupils
Secondary Department:	21 students

The enrolment for the month of August, 1966, was:-

Primary School:	76 pupils
Secondary Department:	33 students

The first Head Teacher was: Thomas Butler

The Head Teacher at the time of the opening of the Secondary Department was:

Laurence Edward Coomber

The staff at this time consisted of:

Head Teacher: Tainton, Grahame Ward (A.Ed.)

Teachers:

Primary School:	Ellem, Gordon Charles Urquhart, Phyllis Mary
-----------------	---

Secondary Department:	
Adademic:	Duncalfe, Frank Williams, Joan Catherine

Commercial:	McLellan, Judith
-------------	------------------

## MEMORIES OF ROSEDALE

by Des James (Assistant Teacher)  
with Mr George Beverley

January to August 1952

At twenty years of age, I was appointed from Teachers Training College in Brisbane.

I boarded with Mr & Mrs Jack McPherson. They were extremely kind. Board was thirty shillings a week.

I taught twelve Grade 1 and eleven Grade 2 children. Mr Beverley taught the remaining forty children in Grades 3 to 7.

Mr Beverley was an outstanding identity who helped me a great deal. Mrs Beverley played the violin and piano for folk dancing. Their lovely daughter Joan aged about eight could not hear but her accomplishments were amazing.

I visited George and Mrs Beverley at Carina in Brisbane in about 1979 after he retired. I was, by then, Principal of a large Primary School in Brisbane. George passed away some years ago and Mrs Beverley, also, not too many years after him. In 1979 Joan was married and lived in Brisbane.

I fancied myself as a "good" tennis player. Not long after I arrived Stan Bryce kindly offered to have a game of singles with me. After chipping the court and marking out some lines with lime from a tin can we commenced what I thought would be some second rate practice. Stan trounced me (the fancy pantz young city slicker) 6-1, 6-0. I was truly humbled and have never recovered from this first rate "lesson". After this match Stan and I became good mates enjoying many more tough tennis encounters.

During my seven months stay in Rosedale the new RSL Hall was built.

The local publican (name forgotten) casually threw a well used tea towel over a "warm" jug of beer which sat ceremoniously on the village bar, until the next customer requested a refill.

Local folk gathered at the CWA Rest Rooms each Wednesday evening for a Euchre Tournament.

"The Rocky Mail Train" passed through Rosedale at approximately 6pm. It stopped at the station for approximately twenty minutes to allow passengers to buy beverages and food from the refreshment rooms. A social event for local folk was to wander down and sit on the platform seats and be part of this busy atmosphere.

Mr Jack McPherson took me on a ten mile horse ride to a property he once owned at Diamond Hill. He laughed because I was "saddle sore" for days after.

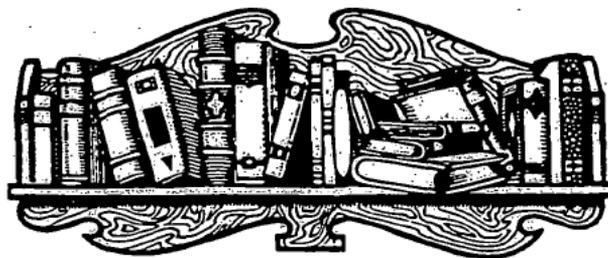

The local Police Sergeant, had a daughter in my Grade One. She was sometimes disobedient and I scolded her severely on a number of occasions. One day the Sergeant came walking up the school steps near my classroom in full uniform. He was a large man. When he appeared I feared that I was going to be "physically" dealt with or otherwise legally reprimanded for being unkind to his little daughter. His visit however was to converse about a truant family with the Head Teacher - Mr Beverley. My fear was genuine and to this day I have a very healthy respect for large country Police Sergeants.

From Rosedale I became a Head Teacher of a small one teacher school at Bingera South (9 children), and then moved "up the ladder" to Pampus, Burncluith, Coulson, Mount Beppo, Drillham, Capella Miles and Principal of Brisbane Schools, Alexandra Hills, Marshall Road, Thomlands and Camira.

After studying externally with the University of Queensland I graduated in 1972. I retired in 1988 after 37 years.

Rosedale was a wonderful place. I have always cherished the relationships I established with local folk for whom I have a very high respect and affection. They taught that young teacher fellow a great deal, in a very few months.

If I have been successful in passing on at least some of those excellent attitudes and values, which I acquired at Rosedale, to the thousands of children, and hundreds of teachers I've had under my care, then I'm indebted to those really fine Rosedale people.

## REFLECTIONS OF THE CHANGES IN THE EDUCATION SYSTEM OVER THE PAST 75 YEARS

From Tom Callaghan

My first association with the Rosedale State School was in January, 1921, when I commenced my schooling at the age of five years and three months. Being the only new enrolment that year, it placed me in the unique position of being top and bottom of the class at the same time. At that time there was only a low set one room building with an open front verandah and a back verandah with a partly enclosed area at each end for the children's hats and school bags to be hung on pegs.

The grounds were very stony and as practically all the pupils went to school bare footed there were plenty of stone bruises and injured feet (including my own). Quite a vast difference with the thirteen modern buildings including the Arts, Manual Arts and Home Economics buildings erected on the grounds, also the grounds have been top dressed and a beautiful sports oval and a top class tennis court with an overall value for buildings, ground improvement and sporting facilities and education equipment that could exceed well over one million dollars.

The enrolment at that time would be about 35 pupils with only a gradual increase until the early 1930's. The teacher having from six to eight classes to teach, as a result, to ease the work load different pupils in class five were called upon to teach the first and second classes tables and spelling on the front verandah, which was very cold in the winter winds. The enrolments gradually increased and by the early 1930's there were between forty-five and sixty pupils and the first assistant teacher, Miss Essie Courtice, was appointed to the School. The classes ranged from one to five with eighteen months spent in each class and was referred to as first, second and third half year. The compulsory leaving age was fourteen years at which time the pupils would have completed their fifth class standard.

Only about 2% of the pupils had the opportunity to continue on to secondary education. This is in vast contrast to the present day where classes have been abandoned and replaced with grades from one to seven and with eight grade commencing their first year of secondary school and continuing on to twelfth grade which is senior standard. Over the years many of the students after completing senior have been successful in obtaining important positions in business and industry in the Bundaberg region and other cities.

Due to the increase in numbers of pupils by the early 1960's a local committee of parents and concerned citizens decided to make an approach to the Education Department for a secondary hightop to be established at the School. As a result, a deputation with a submission was lead by Mr. Claude Wharton, then Minister for Works and Housing to meet Mr. Jack Pizzy, who was then Education Minister. Following the excellent submission presented, Mr. Pizzy gave his approval for a Hightop Department commencing with one secondary teacher who was Mr. Rob Halloran, who obtained excellent results in the first year.

When the Watalgan, Mullett Creek, Berajondo and Baffle Creek Schools closed, those pupils were transported by bus to Rosedale, which greatly increased the enrolments and assured the advancement from a Hightop to the fully equipped High School of today, with regional power connected, water laid on for the oval from the Railway supply and computers and television installed.

I understand the present enrolment at the school are twenty-one pre-school, one hundred and forty primary and two hundred and seven students attending the High School. In the early years children had to make their own way to School with a big percentage walking (in some instances several miles) some rode horses and two families travelled in horse drawn vehicles each with four or five children being transported. All had to contend with the hazards of evening storms and flash flooding of creeks on the way home, which is of vast contrast to approximately 95% of the students being transported in fourteen buses covering an area from Agnes Water in the north to Yandaran in the south, travelling on mostly bitumen or well graded roads with high level bridges spanning the creeks.

My first teacher was a Mr. Henry Eggert, who was fond of sweets and had a packet of London mixture lollies on his desk and would eat them in front of the children, which made their mouths water as lollies were not plentiful in those days.

Some of the other Principals were Messrs. Fred Willeston, Alex Peach, Jim Thiele, George Beverley, Ernie Champney and Laurie Coomber. Some of their assistants were Misses Essie Courtice, Dot Mara, Jean Brown, Doreen Foster, Virginia Doherty, Mavis Carlson, Moira Mitchell, Marj. Lloyd-Jones, Jan de Friez, Miss Crawford also Mr. Des James and Mr. Keith Wright.

I was delighted to be involved with the organising of the 50th Jubilee of the school in 1959 when twenty-three of the original first day pupils when the School was opened at the turn of the century attended and later to attend the 75th Anniversary of the Primary School, which were both well organized and very successful functions.

When I look back over my past 75 years associated with the School, I must say it has progressed far beyond my early expectations. I enjoyed serving on the School Committee for almost 20 years while our five children attended the Primary School and I am delighted to know that the children of Rosedale and surrounding districts will be well provided for with a high standard of education in the future years.

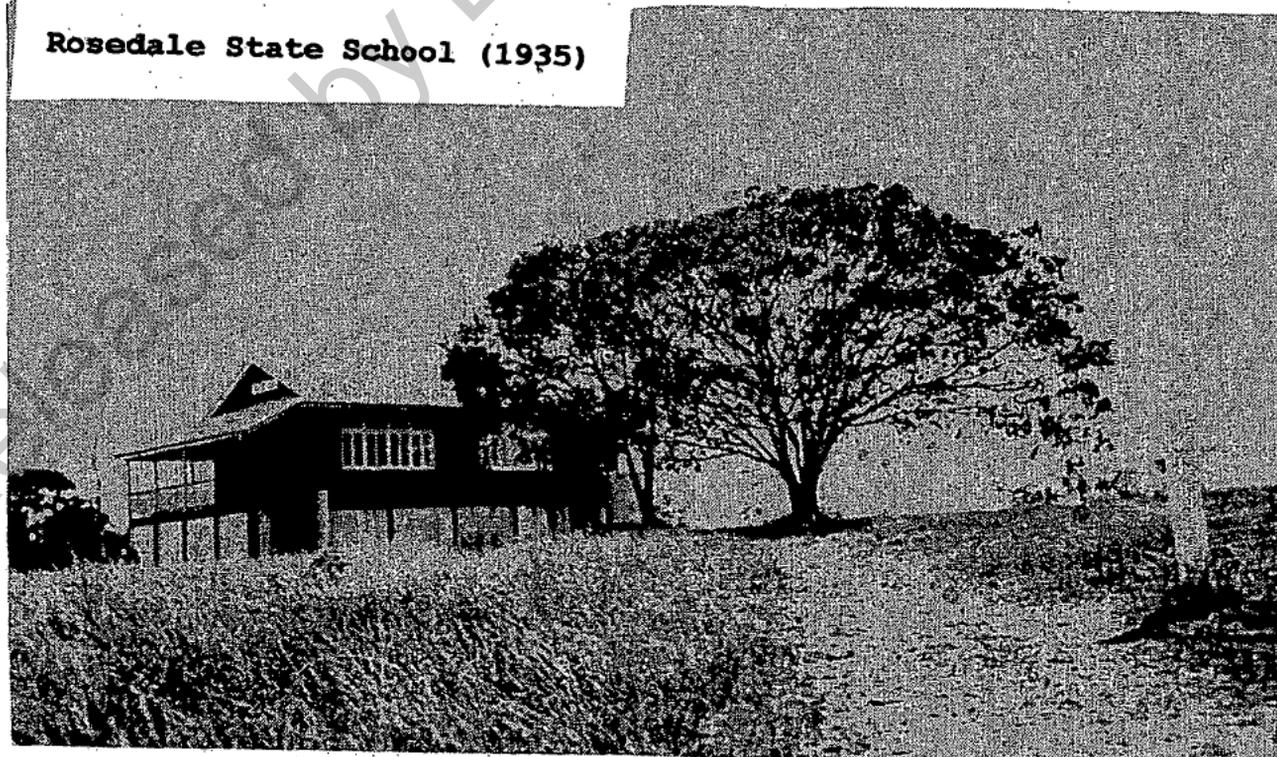

There are two gentlemen I would like to mention who made an outstanding contribution with their representations for the establishment of the High School. They are Mr. Claude Wharton, the then Minister for Works and Housing, for his part in gaining the approval for the School to be established and for this part in the erection of the excellent buildings and ground improvements, also Mr. Matt Cranitch who was Police Officer at Rosedale and who worked so tirelessly in the preparation of the submission to the Department knowing he would soon be transferred on promotion and the High School would be of no benefit to his children. Both gentlemen returned to Rosedale for the opening.

I am confident the Centenary celebrations to be held on the 13th July will be another outstanding success with many of the past teachers and students having the pleasure of meeting up with their school mates and friends, and I congratulate the organising committee for their organising ability and their great interest in the occasion.

Best wishes and kind regards to all.

  
TON CALLAGHAN

**Rosedale State School (1935)**

## Hector Wudley Lloyd-Jones

*1919 to 1928*

**Teachers : Mr Eggert, Mr Willesden, Mr Peach.**

Recollections on days at school with only three boys in the class and only one teacher. Wudley would usually ride a bicycle or pony to school. Children of all ages would ride to school or go by sulky. Usually it was fun and games to catch the horses. They would put up hurdles in the back paddock, but they got the cane for jumping their horses.

The Tennis court was made and erected by the pupils. The cricket pitch was made of an ant bed and constructed by parents. Games of cricket were played between teams of Rosedale, Murray's Creek and Miriam Vale Schools. The highlight in one match was when one bowler took eleven for twenty two, and one player made sixty four runs (highest score).

Two girls playing in the Miriam Vale team once bowled the Rosedale team out for thirteen runs. Boys of the School would go to swimming of a Friday after lunch, down to "Jone's Hole". All pupils of the School in 1928 witnessed the flight of Bert Hinkler as he flew by on his way to Bundaberg. That was a great event for all.

As pupils prepared for Fancy Dress, Costume Balls, School Concerts and picnics they all gave of their best and enjoyed the successful events. At Rosedale one achieved to go out and work for the community and to make what was available for a future.

I really appreciated school life.

I went to work on the family property in the butcher shop.

## Winifred Gladys May McPherson Lloyd-Jones

*1927 to 1932*

**Teachers : Mr Peach, Mr Thiele**

Upwards to six pupils in our class.

Good manners, bible lessons, sewing, daily drill and singing was part of school life.

The flag was raised daily, All excitement for all to see the "Tiny Plane". Lots of individual happenings in plays and sport. I really enjoyed the company and teaching at school and left to go to work at the "General Store" with my parents.

I am Ken Williamson of Watalgan.

I attended Rosedale School in 1949, my scholarship year, which I passed. There was only one building at the time, two thunderbox toilets and an open sided playshed. The school has progressed a long way since then.

There was a tennis court and a mud cricket pitch.

Going over the ferry on Baffle Creek in the Headmaster's new Morris Oxford to play tennis against Wartburg School, which was won by Rosedale. Myself and Steve Kelly beat the two Headmasters in a doubles match at the end of the day. We also journeyed to Miriam Vale on the Rockhampton mail train to play tennis and netball. The tennis team consisted of four boys and two girls, who beat Miriam Vale's best six boys.

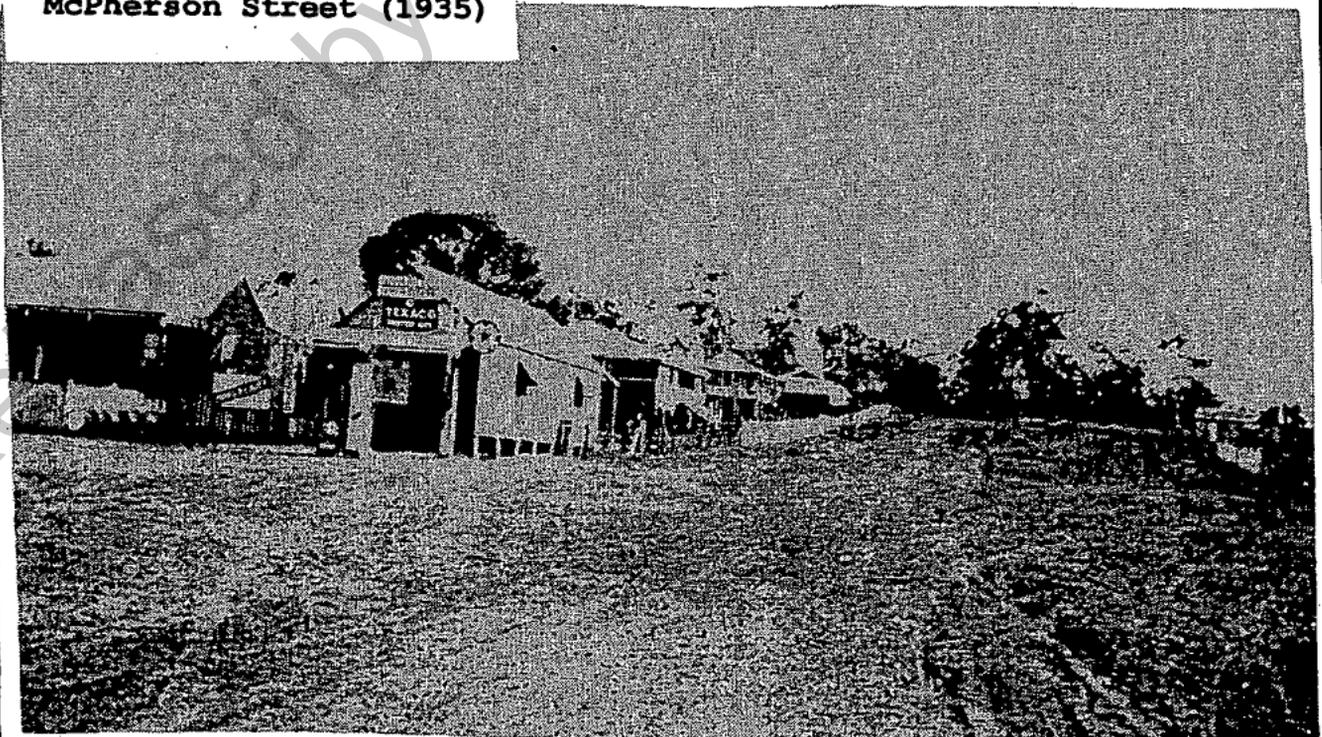

My two sisters and other children from Watalgan and Mullett Creek, namely McGhee and Amos families, went to school at Rosedale by train in 1926. The train was so late getting home most nights, that it was nearly time to start the next day again. Tom Callaghan's mother would give them sandwiches and cakes after school when the train was late.

I rode my bike about eleven miles to school, through Murchies scrub, coming out on Rosedale Road at Black Gate Flat. One morning coming down Baldry's Hill I hit a heifer, which jumped onto the culvert at the critical moment. The next thing I knew the Roffey girls from Lowmead were standing over me asking if I was okay. I was, but my bike was too damaged for Tom Callaghan to fix.

Charlie Stockwell (the Publican of the Rosedale Hotel in 1949) started the "Big Race", which began at the Rosedale Hotel and finished at the overhead bridge on the old main road. The race on a Friday afternoon between Steve Kelly on Dick Lloyd-Jones' stallion and myself on my bike. I would get away to a flying start, by the time we got past Ruhls' sawmill Steve was catching up. With all the slobber of the horse's nose and mouth going over my hat and shirt. However, I could duck under the first bay of the bridge to win the race, as Steve would have to go down 4 bays to get under. Then it would take me 10 minutes to wash myself off in the Bottle Creek.

My three children, Linda, Robert and Narelle attended Rosedale School by bus.

McPherson Street (1935)

**RECOLLECTIONS OF LOIS COLYER (RULE)**  
**PAST PUPIL (1957 - 1966)**

One thing I recall very vividly is our High School song which is as follows:-

There's a place, on a hill  
Which is Rosedale's house of learning,  
Where my thoughts will always return,  
It is my school.  
There I strive to succeed  
So that one day I'll be turning,  
To a worthwhile place in our land  
of the South Seas.

**CHORUS**

Rosedale High School,  
That is my school,  
With ideals second to none,  
Which helps us to achieve security, we know,  
Quality, diligence,  
Honesty will recompense us,  
Could we only live by the rule,  
of Rosedale High School.

I also recall that my school days at Rosedale were very happy.

When I commenced Primary School at Rosedale in 1957 it comprised one building which contained two classrooms and a veranda on three sides. A small section of one verandah was closed off for a storeroom. Later another part of the opposite veranda was made into a very small library. In the grounds there was a basketball court and a covered sandpit and two toilet blocks.

My grade was the first high school class at Rosedale. To house this grade eight class, one third of the space under the primary school was enclosed with masonite and louvres. When I entered grade nine we were housed outside this enclosure and I can well remember its being very cold.

As we had no Home Economics or Manual Arts teachers or facilities a rail car of two carriages came to take care of these subjects for us for approximately five weeks whilst we were in grade eight.

During 1965 the High School building was erected and actually we were in it before the official opening in 1966. This school comprised two rooms - A commercial and a science room as well as a Teacher's room upstairs and the underneath the principal's office and storeroom. Instead of typewriters whilst under the primary school we used pieces of cardboard with the keys printed on them. There was great joy when our typewriters finally arrived.

Two very significant events which took place during my school days were Golden Jubilee in 1959 at which we danced the maypole and in 1966 the official opening of the High School.

I would like to pay tribute to the dedication of my teachers and especially our first school principal, Mr Coomber, our first High School teacher, Mr Halloran and our Commercial teacher, Miss McLellan for giving me the impetus to further my studies.

DIANE NEWTON (1962)

Having previously attended a larger Bundaberg School, I found Rosedale quite a change in year six. At that time there was no Secondary Department and only two classrooms for the primary school. The teachers were great, fellow students very friendly, so my memories are fond ones.

It was to follow that my year level was the first to go through the "high top", which then took year 8 out of the primary and into the secondary arena. The syllabus was all new and text books and learning materials were slow in arriving, but our teachers of the day did a sterling effort to manage, regardless of the facilities at hand. Evidence of this is the number of excellent results achieved by the students in the 1966 Junior examination.

I guess being Dux at the Inaugural Speech Night would have to count as a significant school event for me. I left the education system after year 10 when I was offered a position with the Commonwealth Bank, which was considered "a good job" at that time. I have no regrets.

An amusing event that springs to mind comes from primary years. The older brother from a family was absent on this day so the Principal asked his younger sibling, who was in year one at the time, of his whereabouts. Younger brother who had a stutter which became more pronounced when under pressure, explained in front of the whole room that his brother was sick due to the fact that he had been smoking "hor-hor-horse-sh-sh-shit in-in p-p-p-paper, Sir".

You can image everyone's response!!!

The forerunner of marijuana???

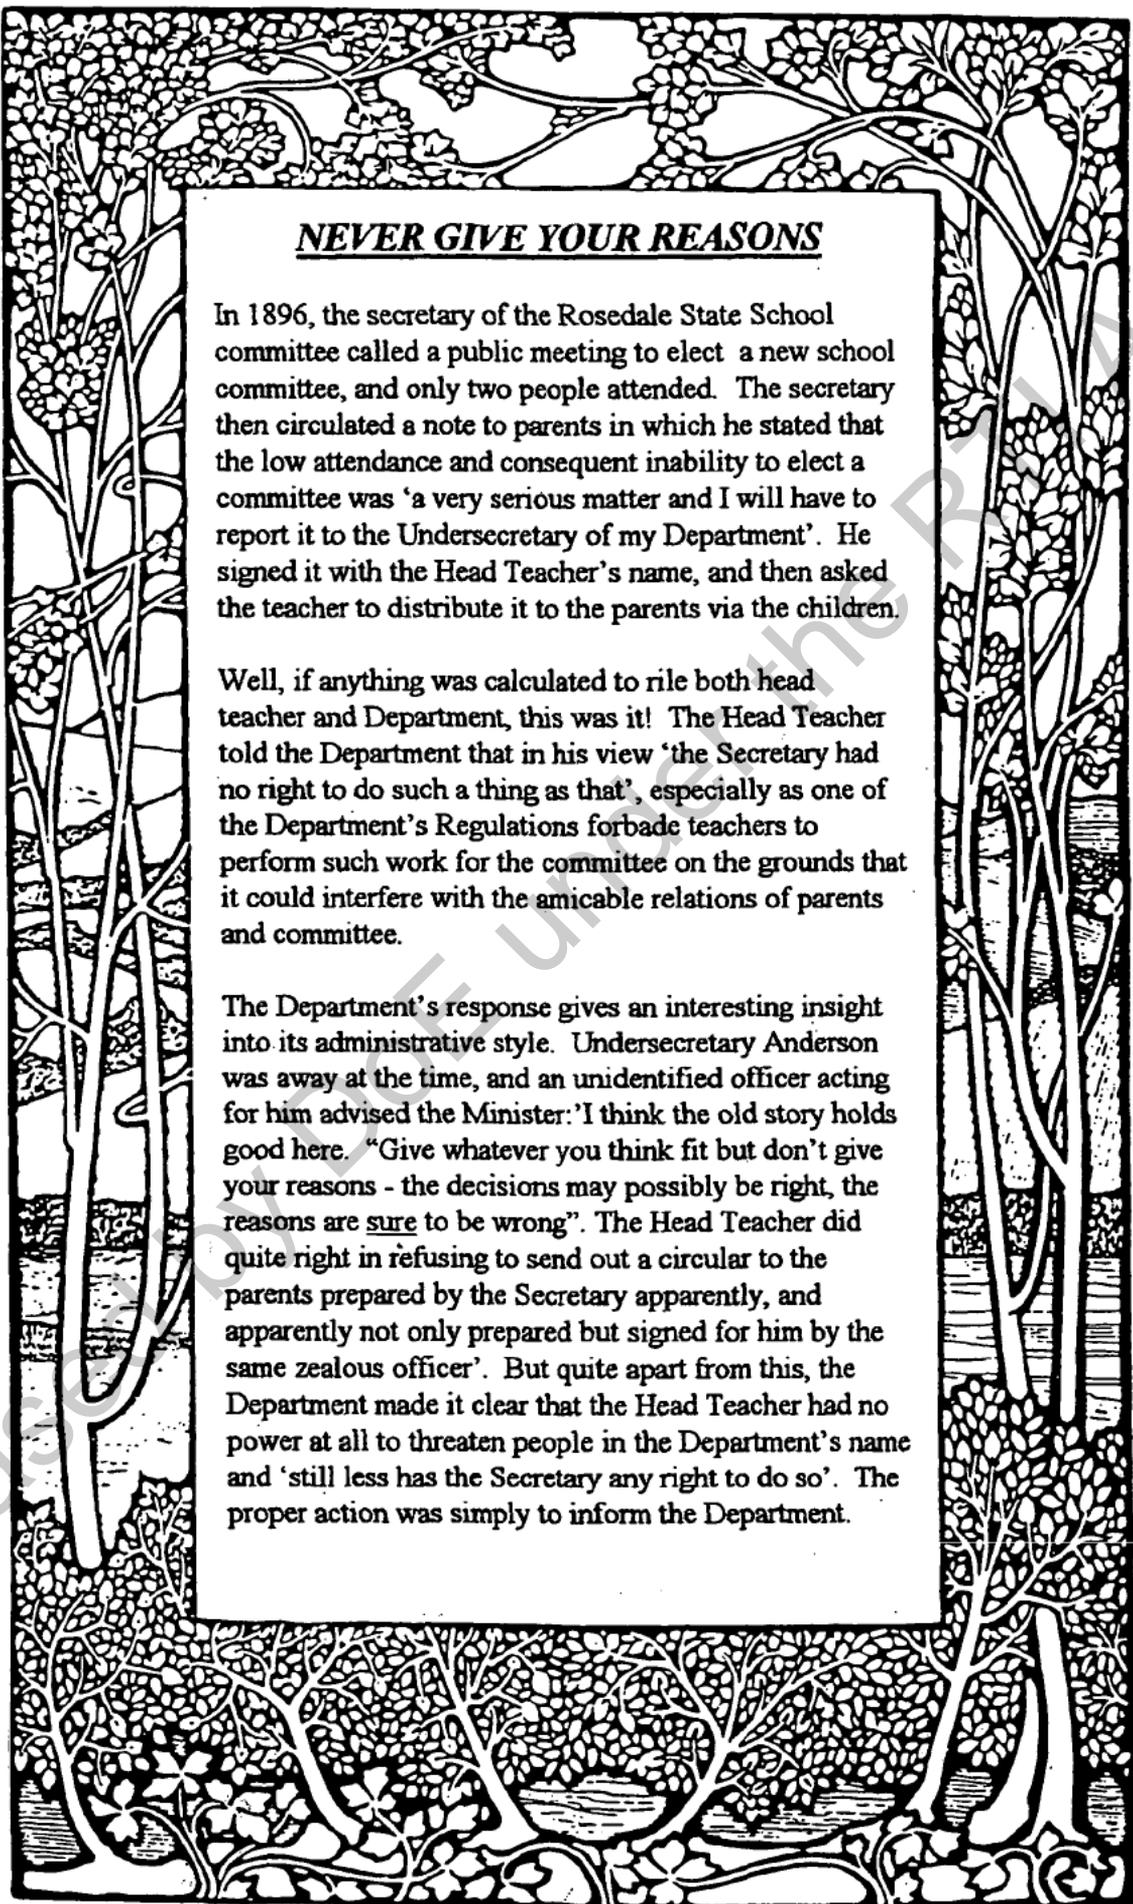

### Reminiscences of the First Assistant Teacher

Sixty-four years ago I caught the mail train from Bundaberg to Rosedale to take up a position as the first assistant teacher to be appointed to the Rosedale State School. Mr. Jim Thiele was then the Head Teacher and he remained in that position for the two and a half years I was at the school.

Upon my arrival at Rosedale Station I was met by a very youthful Tom Callaghan and driven by horse and buggy to the Callaghan home which was to be my home for the following few years. They proved to be very happy years and I have remained very close friends with all the Callaghan family ever since. The old school was built on low blocks near a big tree and there were always birds chattering in its branches. I had four classes to teach from Prep 1 up to Grade 2 and altogether I suppose I had about forty girls and boys in all classes. I was very proud of all those children as they were, on the whole, excellent students and I know quite a few of them are among our top citizens of today. I was transferred from Rosedale to Howard at the end of 1934 and three months later I resigned to be married.

Essie Clay (*nee* Courtice)

### NEVER GIVE YOUR REASONS

In 1896, the secretary of the Rosedale State School committee called a public meeting to elect a new school committee, and only two people attended. The secretary then circulated a note to parents in which he stated that the low attendance and consequent inability to elect a committee was 'a very serious matter and I will have to report it to the Undersecretary of my Department'. He signed it with the Head Teacher's name, and then asked the teacher to distribute it to the parents via the children.

Well, if anything was calculated to rile both head teacher and Department, this was it! The Head Teacher told the Department that in his view 'the Secretary had no right to do such a thing as that', especially as one of the Department's Regulations forbade teachers to perform such work for the committee on the grounds that it could interfere with the amicable relations of parents and committee.

The Department's response gives an interesting insight into its administrative style. Undersecretary Anderson was away at the time, and an unidentified officer acting for him advised the Minister: 'I think the old story holds good here. "Give whatever you think fit but don't give your reasons - the decisions may possibly be right, the reasons are sure to be wrong". The Head Teacher did quite right in refusing to send out a circular to the parents prepared by the Secretary apparently, and apparently not only prepared but signed for him by the same zealous officer'. But quite apart from this, the Department made it clear that the Head Teacher had no power at all to threaten people in the Department's name and 'still less has the Secretary any right to do so'. The proper action was simply to inform the Department.

(Subject-matter of Letter) Re Damage to school caused by  
(Reference Number of Previous Correspondence) Cyclone on 6<sup>th</sup> April 1921

Sir,

19.4.21.

I have the honour to inform you that one closet was blown over and parts of it broken. The Playshed is almost down, and the school itself is leaning slightly and three windows are broken.

I have employed a carpenter to do the necessary repairs.

I have the honour to be,  
Sir,  
Your obedient servant,  
Henry F. Eggert.

H. F. Eggert  
13.6.21

Numbarton  
Potedale  
February 18<sup>th</sup> 1915

The Department  
Public Instruction  
Brisbane

We understand that if suitable premises were obtainable in Potedale your Department would favourably consider the matter of sending a married man here as teacher.

We wish to state that we have a cottage that might suit present requirements, it is situated about  $\frac{3}{4}$  three quarters of a mile from the school. Contains two nice rooms in front also side front verandah and kitchen room, also large detached building with broad way between, divided in two, suitable for dining room and back bedrooms.

If these premises are deemed suitable for the purposes of a married teacher, we will undertake to have them put in nice order by painting front building inside out and supplying new electric. There is a good supply of water in tanks at the cottage. There are some sheds outside also which although rough are useful, permission would also be given to keep a cow, and pony in the paddock, if desired. Rent would be eight shillings per week.

Yours faithfully,  
Permet Ross

## Rosedale Secondary Department

Rosedale,  
W.C. Line. QLD.

EB.  
63/53055...  
Rosedale.

17th June, 1963.

22nd. May, 1962.

Hon. J.C.A. Pizzev,  
Minister for Education,  
Parliament House,  
BRISBANE.

Dear Mr. Pizzev,

At a meeting of representatives from the surrounding districts held on Thursday, 17th. May at Rosedale, it was decided to request that a survey be made by your Department of the potential of this district with a view to establishing a High School Top at Rosedale, to be completed prior to the commencement of the Three Year Junior Course in 1964.

It is felt that Rosedale is so centrally situated as to serve a most comprehensive section of its environs and the existing school site at Rosedale, with its spacious school grounds and excellent modern school building, lends itself admirably for the addition of a High School Top.

We would be grateful if you could give this matter favourable consideration and have this survey implemented as soon as conveniently possible.

Yours faithfully,

*J.H. Coombes*, ..... Secretary.

*J.H. Coombes*  
..... Chairman.

Rosedale & District High School Top  
Investigation Committee.

Sir,

I have to acknowledge the receipt of your letter of the 1st April, 1963 (Ref.63/2546/2B.Rosedale), and to inform you that approval has been given for the establishment of a Grade VIII Centre at the State School, Rosedale, as from the beginning of 1964. These Grade VIII students will undertake the first year of the new Secondary School Course. The claims of Rosedale for a full Secondary Department will be reviewed during next year.

An additional teacher, capable of teaching the majority of Grade VIII subjects, will be appointed to the school to assist the Head Teacher.

The Department of Public Works will be requested to provide additional accommodation.

Yours faithfully,

*J.H. Coombes*  
Director-General of Education.

The Regional Director of Education,  
Central Regional Office,  
ROCKHAMPTON.

30th November, 1906.

No.06/16676 Rose.P.

Sir,

In acknowledging the receipt of your letter of the 21st instant, I have the honour to request you to be good enough to ascertain whether the person in whose name the school site at Rosedale stands is willing to convey it to this Department. Unless the site is so conveyed the Department will be unable to expend further sums in improvements.

If the proprietor is willing to transfer the land, as suggested, the site would be surveyed and a title issued for the balance of the area without expense to her; but the Committee would be obliged to defray one-fifth of the cost of the survey and transfer expenses.

I have the honour to be,

Sir,

Your obedient servant,

To

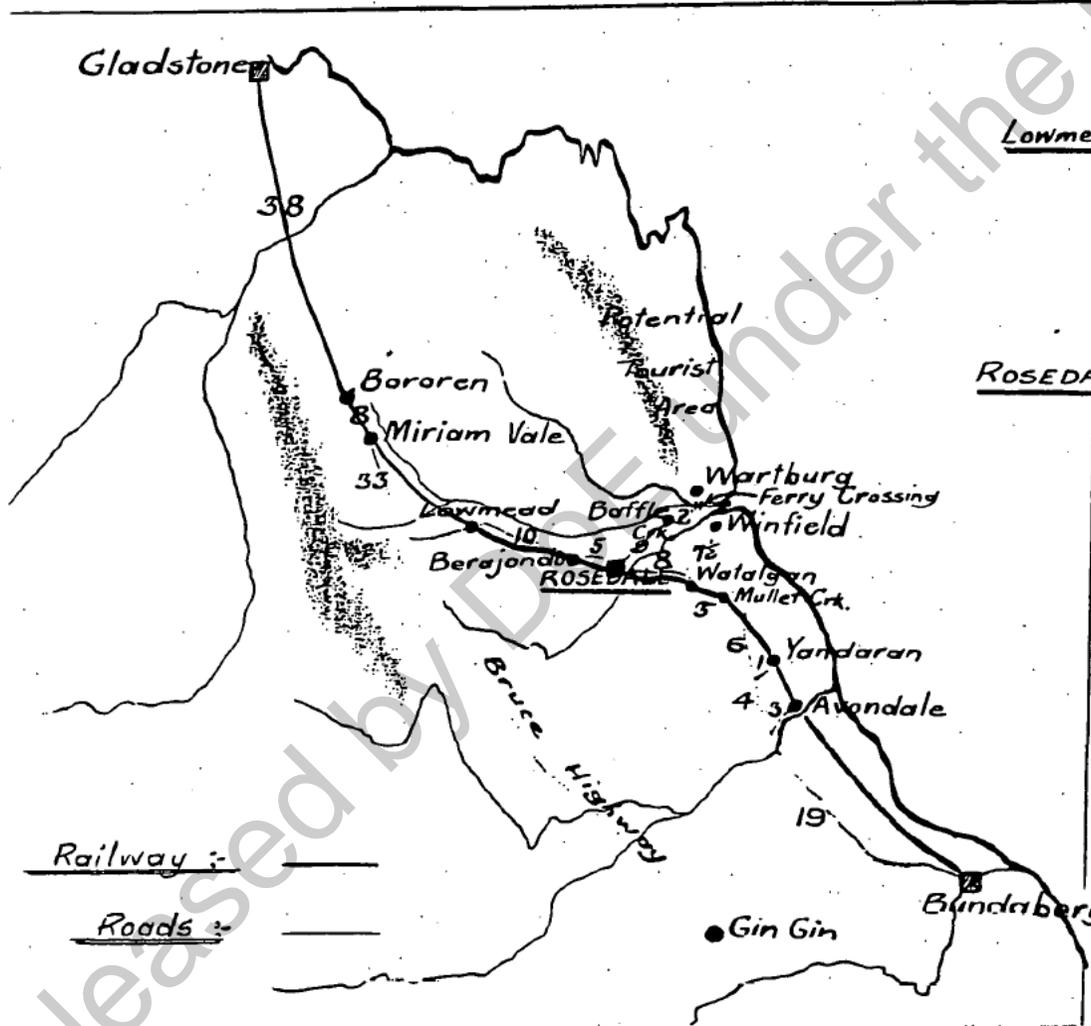

Under Secretary.

Mr. John Hamner,

Secretary to the School Committee,

R o s e d a l e.

Sketch showing Geography of Rosedale and District.

Mileages

Lowmead to M' Vale 33

- Lowmead 15
- Berajondo 5
- Baffle Crk. 9
- to
- Wartburg 11
- Watalgan 8
- Winfield 15½
- Mullet Crk. 11
- Yandaran 18

ROSEDALE

Yandaran to Bundaberg 24.

Railway :- \_\_\_\_\_

Roads :- \_\_\_\_\_

DIRECTOR-GENERAL:

*Est. of*

re. SECONDARY FACILITIES FOR ROSEDALE AREA.

*SECRET*

1. An investigation was made by the Regional Director, Central Region. His report is attached.

The nearest secondary school is at Bundaberg, 34 miles by rail. Rail Motor service is unsuitable. Leaves Lowmead 6.33 a.m. Returns 5.56 p.m.

2. Enrolments in local primary schools are:-

School	Dist. Miles.	Grades								Totals
		1	2	3	4	5	6	7	8	
Rosedale		13	12	-	7	6	5	11	5	59
Berajondo	5	3	-	1	1	4	-	3	-	12
Baffle Creek	8.1	1	3	3	4	-	3	-	5	19
Wartburg	9.8	1	3	4	2	-	1	4	4	19
Lowmead	15	5	4	3	6	6	4	8	4	40
<b>Totals</b>		<b>23</b>	<b>22</b>	<b>11</b>	<b>20</b>	<b>16</b>	<b>13</b>	<b>26</b>	<b>18</b>	<b>149</b>

3. Prospective secondary students:-

School	1964		1965 Gr. VIII
	Gr. VIII	Sub Junr.	
Rosedale	12	5	5
Berajondo	3	-	-
Baffle Creek	4	4	2
Wartburg	-	3	-
Lowmead	7	4	4
	<b>26</b>	<b>16</b>	<b>11</b>

*Claims added on Berajondo and Baffle Creek to Lowmead & Bundaberg. See 9/11/50's document by Mr. Thompson. 6/11/63*

Attendance of Lowmead and Berajondo students would depend on the institution of a daily road transport service.

14 students over a route of 15 miles (6/7d per child per day).

Inclusion of Baffle Creek children would mean 8 children being conveyed 8 miles.

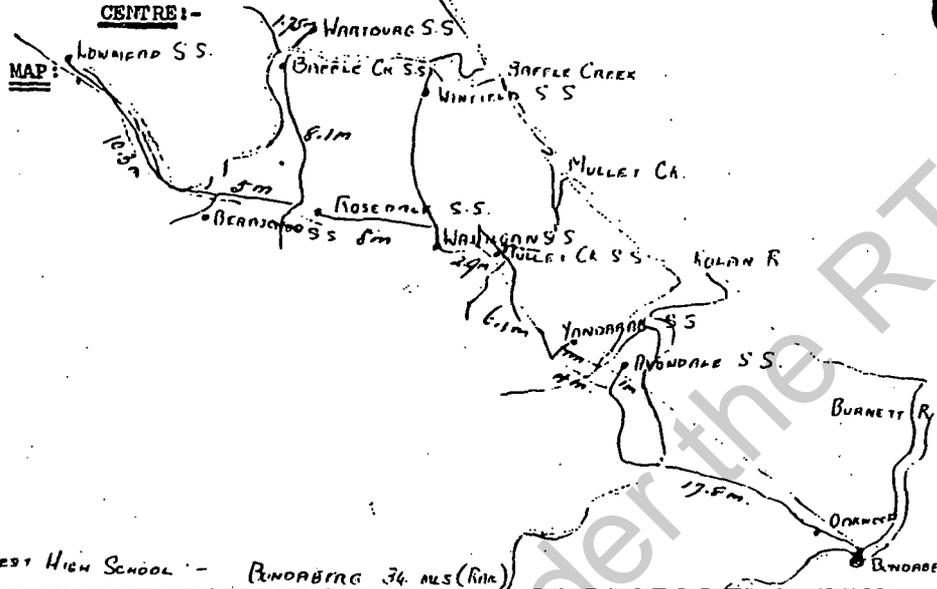

4. CONCLUSION.

There are insufficient prospective students for a full secondary department at Rosedale but at least 20 students would enrol in a Grade VIII Centre in 1964.

RECOMMENDATION: (For the approval of the Minister.)

- (a) That a Grade VIII Centre be established at the State School Rosedale as from the beginning of 1964; students enrolled in this Grade to commence the first year of the new secondary school course.
- (b) That the claims of Rosedale for a full secondary department be reviewed during 1964.]
- (c) That a teacher capable of teaching the majority of first year subjects be appointed as from the beginning of 1964.

**DEPARTMENT OF EDUCATION  
CENTRAL REGION**

**Enrolments (1962) Feb. 1962**

School	I	II	III	IV	V	VI	VII	VIII
Rosevale	13	18	8	4	6	5	11	5
Lowmead	5	4	3	6	6	4	8	4
Berajondo	3	-	1	1	4	-	3	-
Battle Creek	1	3	3	4	-	3	-	5
Wartburg	1	3	4	2	-	1	4	4
<b>TOTALS:</b>	<b>23</b>	<b>24</b>	<b>11</b>	<b>20</b>	<b>16</b>	<b>13</b>	<b>26</b>	<b>(18)</b>

**Public Transport**  
 Unavailable - Rail Motor.  
 Depart Lowmead 6.33 a.m.  
 Returns Lowmead 5.56 p.m.

**Alternative Transport**  
 See Tpt. Service, Lowmead -  
 Rosevale - 15 miles  
 Possibly - See Tpt. Service  
 Yandaran - Rosevale - 15 mts

**Costs:-** Tpt. Service Lowmead - Rosevale (2x10) 2/1/2 = 4/1/2 daily.  
 Possibly Tpt. Service Yandaran - Rosevale (2x10) 2/1/2 = 4/1/2 daily.

**Accommodation Requirements at Centre:-**  
 Complete Secondary Department.

**Remarks:-** Insufficient numbers to warrant favourable consideration unless Yandaran pupils included.

Recommended that the views of Regional Director, Maryborough be sought in respect to feelings of parents of Yandaran pupils.

Every endeavour has been made to record the students enrolled in the Primary from the records available. We apologize for any errors or omissions.

"As from 17.12.1991 Secondary enrolments have been combined with Primary in Register No: 5 starting from number 1759."

The following High School Student Enrolments are taken from the Secondary Enrolment Register 28.01.1964 to 10.12.1991. These students are from feeder schools in the district.

### 1964

Cheryl Cross

**BAFFLE CREEK, MULLETT CREEK AND  
ARTHUR'S CREEK**

These schools must be considered together as their history is intricately linked.

In 1909, Mr. William Simmonds of Baffle Creek wrote to the Minister of Education asking for the establishment of half-time schools at Baffle Creek and Mullett Creek. The children would be taught at private residences at each locality on alternate weeks.

In March 1910, the District Inspector, Mr. Clement Fox, reported that at Baffle Creek there were nine children able to attend. The half-school and teacher were accommodated in Mr. Simmond's house. There were some problems with Mullett Creek. There were only four pupils available, but Mr. Wills, a Baffle Creek parent, said he would send two of his lads by horse "to keep up the numbers at Mullett Creek". It was proposed that the teacher and school be accommodated at the residence of Mr. and Mrs. Gorton. Mr. Fox wrote "Mr. Gorton has only a rough two-roomed house and the rooms do not afford sufficient privacy. The floor is earthen and at the time of my visit, was quite wet with soakage from the high ground nearby. Rain beats through the slab walls and through the roof".

Three months later, Mr. Gorton had made considerable improvements by the addition of another room. "It is shut off from the rest of the residence by a wooden partition with door and the rough outside walls are lined with hessian. A nice hardwood floor has also been put down and the inside of the room looks clean and comfortable".

This accommodation was judged satisfactory and on 4th July 1910, the first teacher, Miss Charlotte Jane Smith, commenced teaching one week at Baffle Creek and one week at Mullett Creek.

Attendance at Baffle Creek half-time school was such that soon a permanent school building was erected.

However, in 1914 the Simmonds family moved from Baffle Creek. As five of the six pupils attending the school were of this family, the school was closed. The school requisites were moved to a new half-time school at Arthur's Creek. This was conducted on the verandah of the house owned by Mr. Williamson.

July 6<sup>th</sup> 1895

To The Hon Secretary  
for Public Instruction

Burlington

Sir. At a meeting held July 6<sup>th</sup>  
at Mr Nielsen's Rafflement  
members of a building committee  
were elected also a secretary  
Mr S. H. Rothman who acted as  
secretary having resigned  
I forward <sup>under separate cover</sup> you a map of the  
locality (the best we can get)  
though it does not show the  
selections which have been recently  
taken up. I have jotted down  
the names of some of them who will  
have children attending school  
I forward to you the  
application for the establishment  
of a provisional school also  
list of parents and

Children residing near the  
site of the proposed school  
I beg to draw your attention  
to the fact that in addition  
to the children of school age  
there are others of younger age  
who year by year will be  
arriving at school age and thus  
increasing the attendance at school  
There are also new families  
coming into the district and  
settling here

I beg to remain

Yours respectfully

John W. Fairbank

Secretary to the  
School Committee  
Rosdalen

DEPT. OF PUBLIC INSTRUCTION

John W. Farlane

SCHEDULE I. (a).

Rosedale Road

Application for the Establishment of a Provisional School (Baffle Cr.)

July 6<sup>th</sup> 1895

To The Honourable The Secretary for Public Instruction, Brisbane.

Chief Clerk  
12 AUG 1895

At a public meeting held on the 6<sup>th</sup> day of July 1895, at Mr. Farlane's Baffle Creek, of which fourteen days' notice was duly given in accordance with Clause 5 of the Regulations, the following gentlemen, namely:—  
E. Thomas, L. P. Olsen, H. Olsen, J. W. Farlane, S. H. Rothman, D. J. Morgan, H. P. Wilson  
were elected members of a Building Committee for promoting the establishment of a Provisional school at Rosedale Run.

2. Mr. John W. Farlane has been appointed Secretary to the Committee. His postal address is Rosedale.

3. The number of children between the ages of six and fourteen years likely to attend the proposed school is fourteen. Annexed is a list of the same, and of their parents, which we certify to be correct.

4. The nearest school maintained or subsidized by the State is at Murray's Creek, distant 8 miles from the proposed site by the nearest road. The nearest State or Provisional schools within a radius of ten (10) miles are the following:— Murray's Creek, 8 miles.

5. Enclosed is a lithograph plan of the locality showing the position of the proposed site, and of the nearest existing schools. The nearest Post Office is at Rosedale Rly Station, distant 3 miles.

marked A on map attached to my report 4. H.

6. The proposed site consists of Crown Land and is situated in Parish of Tottenham.

7. The total cost of the building, offices, tanks, and furniture is estimated at £70.0.0.

8. Parcels containing school requisites should be addressed as follows, viz:—

John W. Farlane  
Rosedale

9. We make this application under the provisions of subsection 11 of Regulation 8, and we undertake to comply with the conditions set forth therein.

10. We have the honour to request that a Provisional school may be established as proposed.

J. W. Farlane, L. Olsen  
D. J. Morgan, L. P. Olsen  
E. Thomas, H. P. Wilson  
S. H. Rothman

Members of the Committee.

\* This application should be accompanied by a letter giving full particulars.  
† Insert (if any) names of places and distances from proposed site.  
‡ Insert acreage and description, and state whether the land is freehold, leasehold, selected, or Crown land.  
§ Describe position exactly, giving number of portions or allotment, if possible.  
¶ See extract from Regulations printed on back of this sheet. Insert either (b) or (c).

Better wait till the fence come in from Rosedale R. St. (6.5-18.95) + previous, & near pin with plan. New plans are but 3 miles apart. D.B. 11.7.95

Re. estab. of a school

The Staff  
M. J. Mallett, Ch. W. R. G. J.  
Bulandine, Gladstone  
5 February 1910

The Under Secretary  
Department of Public Instruction  
Melbourne

Dear Sir

Under separate cover I am sending forms of application for Part-time School at Mullum Mullum Baffle Creek. I must apologise for delay which has been mainly owing to flooded state of this district - The lists show only fourteen pupils & one over age (my son who has had only intermittent schooling). The railway employees here have drawn out, as I understand a school here would do away with their main excuse for a transfer when required by them - Two other pupils were promised me previous to applying to you - However I trust you will have the school established as more pupils are coming of school age in the near future - I have room for school & accommodation for teacher for 1<sup>st</sup> group & Mr W. Simmonds has room & accommodation for teacher for 2<sup>nd</sup> group & means of conveyance will be provided by Mr G. Crills & Mr W. Simmonds -

Trusting to have school established at an early date

I am Yours  
J. B. Goston Secy. P.  
School

JD. 1.12.  
15.

SCHOOL No. 1224 AWAY

REPORT ON THE MATERIAL REQUIREMENTS

OF THE

Baffle Creek Half Time SCHOOL.

INSPECTED 11th. December

[To be forwarded with the ordinary Report of Inspection.]

School house. The school was formerly held in Mr. Simmonds' residence. It has been quite recently removed to the present newly erected building, which is very small - only 14' x 12' - but large enough for the few pupils likely to attend. The building is made of good sawn hardwood.

Furniture. At present the school has a borrowed clock; and instead of a desk, a borrowed table. The committee intend providing their own later on when funds are available.

Closets. There is no proper closet accommodation. As a temporary expedient a space has been enclosed in the canvas. The committee are anxious to provide proper conveniences as soon as possible; and, I am informed that probably they will do so during the vacation.

I think it would be as well for the Department to call attention to the deficiencies specified (the closets more particularly); request that they be furnished without delay; and ask to be advised as soon as they have been furnished.

L. Leonard Fox  
District Inspector.

District Inspector.

The attendance for December was as follows: - Roll 7 Average 5.5.  
I recommend no action at present in regard to furniture but would suggest that the Committee be informed of the statement of the Inspector regarding the closets and be asked what action they are taking to provide proper and separate closet accommodation for boys and girls.

DEPARTMENT OF PUBLIC INSTRUCTION.

11th October, 1917.

subject: ESTABLISHMENT OF SCHOOL AT ARTHUR'S CREEK.

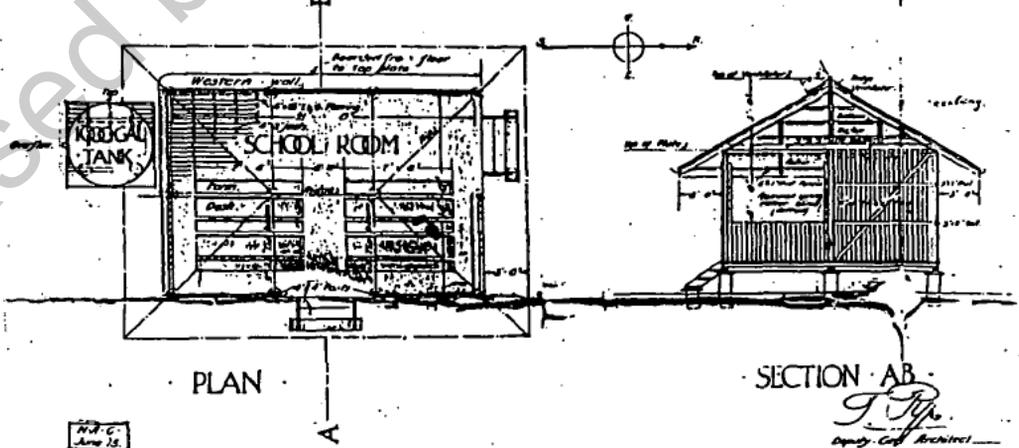

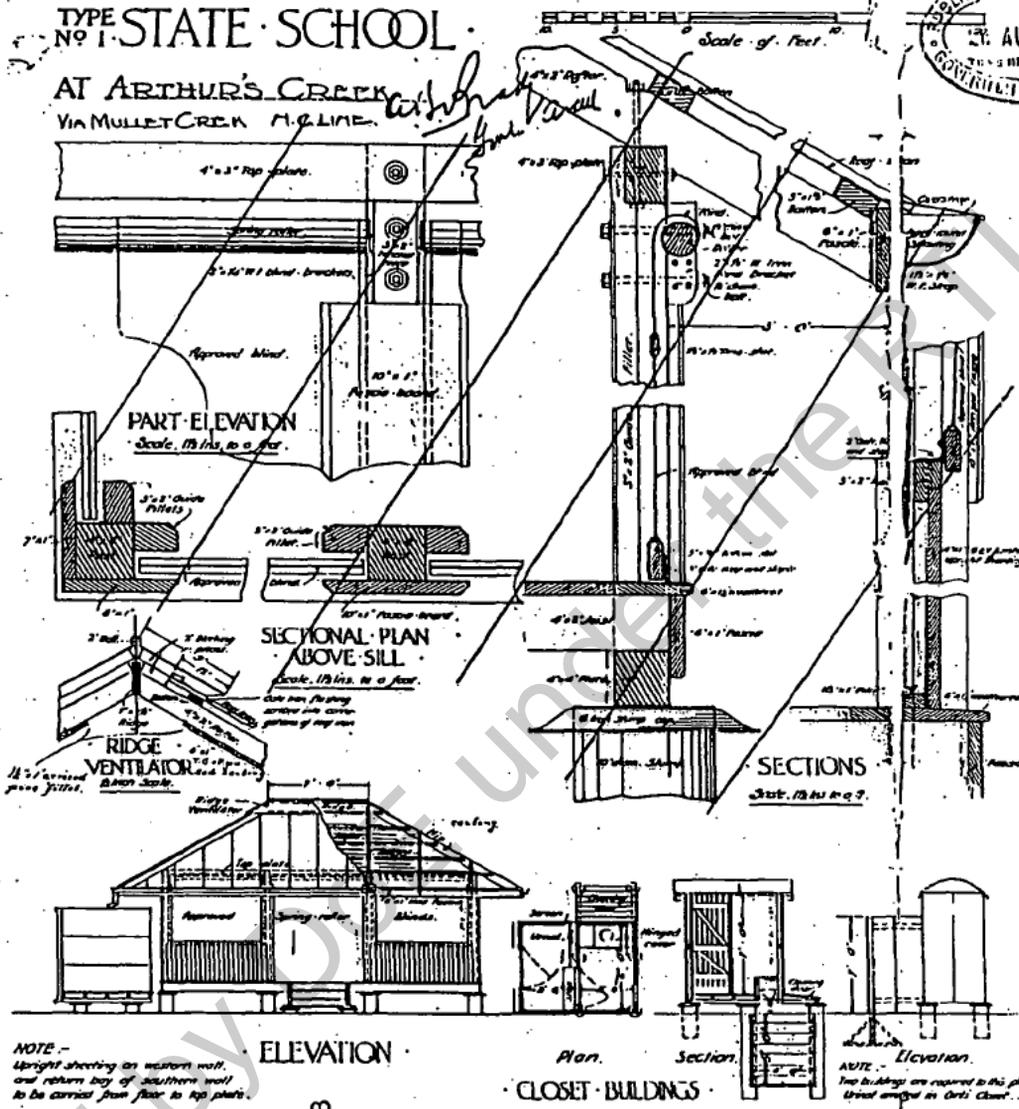

Mr. Carter, M.L.A., called this morning and handed in the attached letter from Mrs. Williamson again urging on behalf of the residents at Arthur's Creek that a school building should be erected at that place. Mr. Carter considers the application is a very deserving one and he very strongly recommends it. He particularly asks that this building should be included in the list of buildings with which it is proposed to proceed at an early date. The settlement is a very rich Agricultural one and is likely to grow and will be permanent. Mr. Carter explains that there will be from 20 to 30 children at the centre within a year or two. The school is at present held on the verandah of one of the settlers houses, school work is carried on under very disadvantageous circumstances and with much inconvenience to the settler and his family. The attendance is exceedingly heavy and Mr. Carter thinks that the residents have shown their earnestness in the matter by sending their children to school so regularly. He thinks that if the erection of the building is indefinitely postponed the settler might be compelled to withdraw the use of his verandah and thus the children of this little group will be left without the means of education.

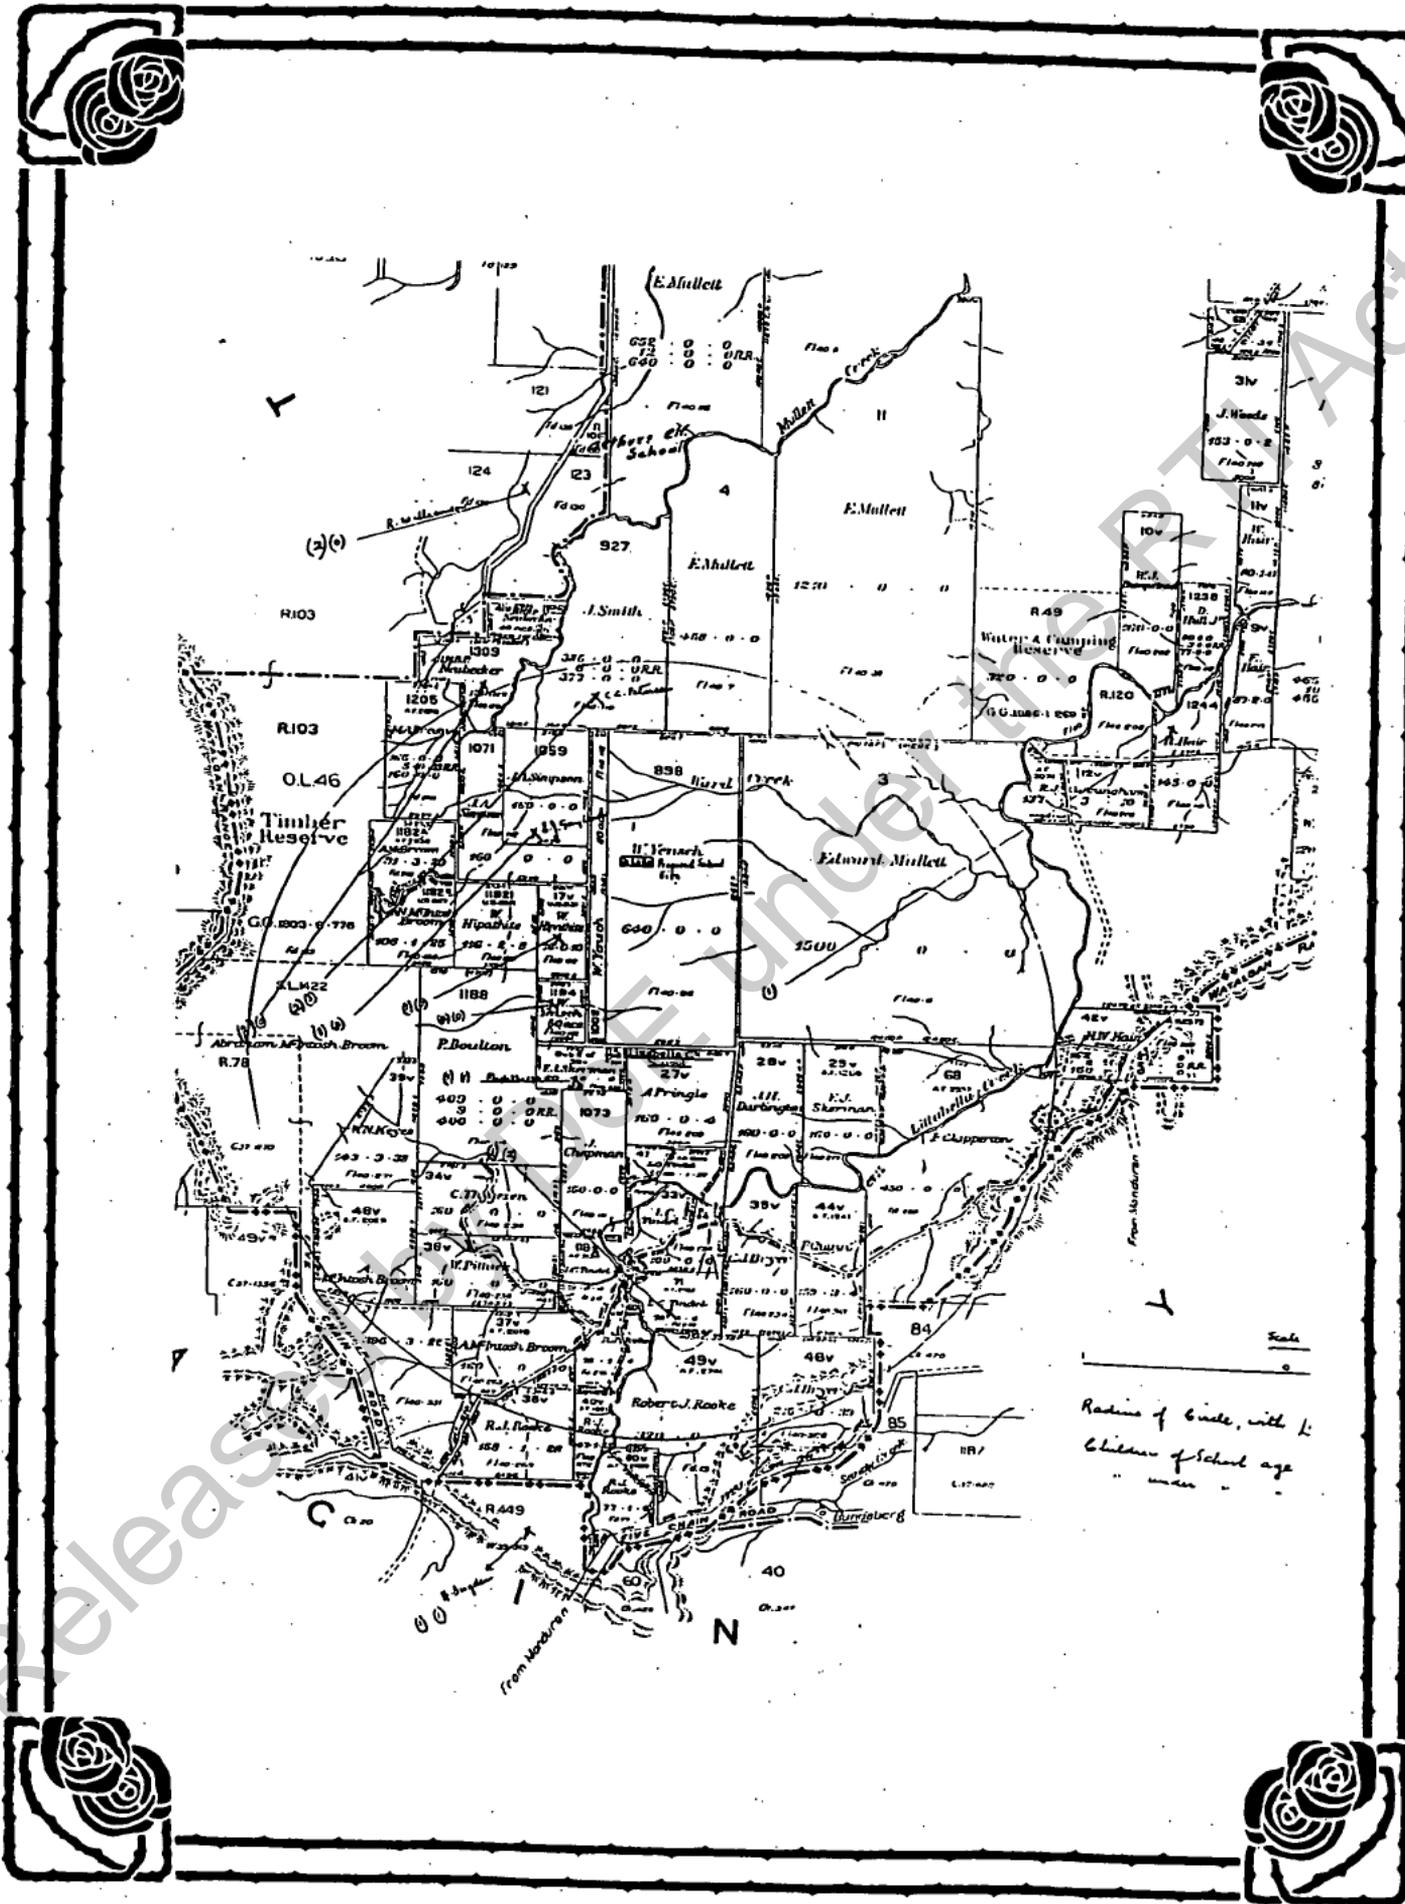

Mr. Carter also thinks that most sympathetic consideration should be given to these settlers who have taken up the land in new country in the genuine belief that school facilities would be provided for their children and he recommends this ~~as a~~ case as earnestly as possible.

(Subject-matter of Letter) Re change of Address or name of School  
(Reference Number of Previous Correspondence) \_\_\_\_\_

Sir,

The name of the railway station has been changed from Murraybreen to Berajondo.

Will the Murraybreen State School be changed to Berajondo State School, or will it be the Murraybreen State School at Berajondo?

At present letters from the Department are addressed to State School, Murraybreen as has been the custom for years, and I would be pleased to know whether or not the Department would deem it advisable to use the address as follows:-

I recommend  
(1) Approve of the change of name of school to Berajondo.  
(2) Usual notifications.  
(3) Officers for noting.

URGENT

1. In a separate memorandum, I have recommended that Mr. A.V. Madden, Head Teacher of the State School at Berajondo, be transferred to Head Teacher of the State School at Coulson, from 20/7/53.
2. Recommend:
  - (a) Close the State School at Berajondo from 19.7.53, on account of low attendance.
  - (b) Enrol the pupils in the Correspondence Classes.
  - (c) Advise the local M.L.A.

- i. Ministerial approval on 39240/53 Berajondo, herewith.
- ii. Officers to note.

Writer: - Tyler Nelson, District Inspector.  
Subject: - Report on application for re-opening of the  
State School at Berajondo.  
Reference: - 5451, Central Region.

Sir,

I wish to advise that I visited Berajondo on the 19th instant to investigate the application for the re-opening of the school.

Mr. L. R. Gorlick, the writer of the 1 letter, was not available, as his mother died the previous night and he had to go to Bundaberg.

I saw Mr. McLean and he assured me that he had work hauling timber for at least five years in Berajondo. He had Heather, aged 11 years and Douglas aged 4 years with him, but Rose and Ian were away on holidays and Dell was having dental treatment in Bundaberg. From inquiries I made I am of the opinion that he can be regarded as permanent.

Mr. Richter, a railway fitter, was not available but I saw Mrs. Richter and the children on the 1st. Mrs. Richter said that her husband was not on transfer but it was always possible that he would apply for positions advertised in the railway weekly notice; however, if the school were re-opened he would not be likely to do so.

I saw Mr. and Mrs. J. Hills and the children listed.

I did not see Mr. Dawson on this occasion but he is still a permanent resident.

The previous Head Teacher rented a house from Mrs. Hills, senior. She was away on holidays but Mr. and Mrs. J. Hill said that they were sure that the house would be available for a married teacher but Mr. and Mrs. J. Hill, who work the farm, are not anxious to see the house let to people with children as it is adjacent to the milking yard and they do not like having children around the milking machines. The house is not fenced off from the farm and is very close to Mr. Hills' house; there is only one lavatory for the two houses. I would not recommend it as a place to which a married teacher could be sent; I understand that Mr. Ludden married after he came to Berajondo and was satisfied to take the house.

There is good board for a male teacher at the hotel but I would not say that there is any suitable board in Berajondo for a female teacher.

I inspected the school premises and with a nail secured a window that had been left unfastened owing to the absence of a lock and catch. The grounds were burnt off some time ago and the buildings should be safe from bush fires. The building is very shabby for want of paint.

Recommendation: - I recommend that the school be re-opened as soon as practicable, as there are twelve children available.

(Education),  
The Regional Director of

Yours faithfully,

*T. Nelson*

CENTRAL REGION

29th October, 1953.

Sir,

Please refer to my N/C noting on Mr. Kehoe's report on the application for the re-opening of the Berajondo State School. I wish to report that on Thursday, 22nd October I visited the Berajondo School and held a meeting of interested parents to discuss the best way to provide educational facilities for their children.

Before visiting the area I thought that either a school transport service or the combining of the North Baffle Creek and Berajondo Schools would best suit the purpose.

The topography of the countryside, however, makes both of these schemes at present impracticable. The area is very hilly and is cut by numerous watercourses. When rain falls the streams rise and obstruct traffic. I was assured that all roads to Rosedale from Berajondo become untrafficable after a sharp fall of rain because of the swollen watercourses. It was possible and likely that with a fall of one inch of rain in the area, any school transport would be held up for a considerable time. Some members at the meeting could recall the road to Rosedale being out of use for as long as six weeks during wet weather. All members were definite that more than two weeks schooling would be lost each year because of wet weather. They were not in favour of a school transport service to Rosedale as they feared that their children would, on occasions, be stranded on the Rosedale side of the rising creeks.

For the same reason it was not advisable to try to combine the North Baffle and the Berajondo Schools by selecting a more central position.

The Berajondo State School building is in a poor state of repair, but it should be useful for yet a few years. White ant damage is apparent and it seems that the ants are still working in the ceilings.

I support the recommendation of the District Inspector for the re-opening of the school as it seems certain that the families in the area are stable, and there appears to be a certainty that an average attendance of 9 children can be maintained at the school for at least two years to come.

There is accommodation at Berajondo for a male teacher only.

The staffing position in this Region would make it impossible for me to appoint a single male teacher to take charge of the school before the Xmas Vacation, but I have secured the name and address of an ex-teacher in Bundaberg who may be prepared to undertake teaching duties at this school. I have written to Mr. H. A. Barke, Electra Street, Bundaberg in this regard.

Yours faithfully,

## FLINDERS SCHOOL

Flinders School was situated on the southern bank of Baffle Creek about 2 miles downstream from the site of Wartburg School. The land on which the school was built had belonged to Miriam Vale Shire and had originally been part of Baffle Creek Station.

The first teacher, Miss Annie Mischke, took up her appointment on 28th November, 1911.

The first school committee consisted of Messrs Francis Wills (Chairman and Secretary), Herman Kroning (Treasurer), Samuel Rothman, Herman Neumann and Otto Wendtland.

A list of children able to attend the school was drawn up as follows: Heinrich Geurring, Lydia Kroning, James Neimeyer, Hermann, Wilhelm and Edward Wendtland, Johanna, Heinrich and Friedrich Grundwald, Edith and Albert Neumann, Walter Kirchner.

Several of these children lived north of Baffle Creek and this caused problems in 1913.

In November 1913, the chairman of the school committee, Mr F.H Wills wrote to the Department of Public Instruction about a matter of very great importance. A committee member, Mr H. C Neumann, used to convey some of the students across Baffle Creek in a boat. Since his death other arrangements had to be made. The teacher, Mr Albert Diets, had told the parents that he would not ferry the children across the creek. Mr Wills stated, "As this teacher takes so little interest in the children, I think his recall desirable and someone who would take an interest in school matters, sent here."

The teacher, Mr Albert Diete, replied:

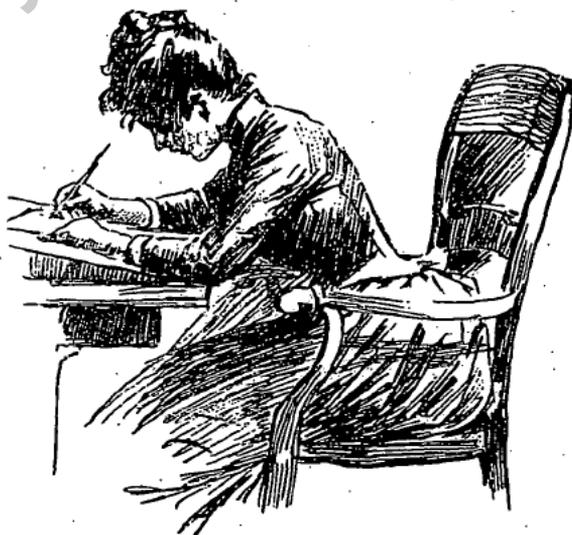

"I have the honour to state that it is possible for me to give some assistance ... There is a boat provided for the purpose. There are four children coming across at present; and I can ascertain, there will be one more coming after the New Year, and, as time goes on there will be more coming. The creek is about 150 yards to 200 yards wide at the crossing opposite the school - the breakers are very large at times. I am studying at present, so rowing across every morning and night will interfere a little, but I shall do it..."

The District Inspector, Mr W. Taylor, reported that he did not think Mr Diete should be required to row a boat across the Baffle Creek tideways as he was of slight build and had a disability as a result of an accident.

What the final outcome was is not clear, but Mr Diete was not transferred from Flinders School until 3 years later.

An enrolment of only 10 caused the school to be closed in early 1922, but the school was re-opened in July 1922 following the arrival of a further six children.

Flinders State School finally closed at the end of 1923.

Brisbane,  
29 January 1914

Report re conveying children across a  
Creek to school

Sir,

After reading the letter of the Head  
Teacher of the State School at Flinders, Mr  
A. T. Dieke, I think that he should not be  
required to row a boat across the Baffle Creek  
tideway.

Mr Dieke is of slight build, but of  
very fair physique. Owing to an accident  
a few years ago (a broken leg badly set) he  
has one leg shorter than the other. But, as  
he is provided with a properly constructed  
boot, he gets about effectively. When he is  
before his little child he is upright  
& firm, & carries himself well. But I  
would not like to trust children in a boat  
to him, when there is any weather to speak of,  
in what is broad tidal water in practically  
the estuary of Baffle Creek.

Besides, the Department might, later  
wish to send a female teacher, & then there  
would be a grievance, that she could not  
row a boat.

I think the Department had better  
insist on the Committee, or parents,  
individually, taking the whole responsibility  
for the conveyance of the children to school.

I have the honour to be  
Sir,

Your obedient servant  
Wm Taylor

The Under Secretary

(1) Advise Mr Wills in further reference to his letter of the 22nd November  
that it is regretted that the Dept cannot assist in regard to the conveyance  
of the pupils across the creek and that the matter is one for local  
arrangement.

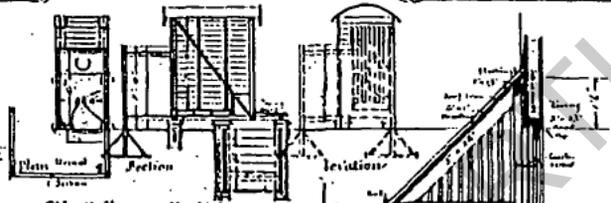

(2) Advise H.T. of (1).

## TOTTENHAM SCHOOL

Tottenham State School was situated on the southern side of Baffle Creek about 6 miles from Rosedale and 4 1/2 miles from North Baffle Creek. The school was built by Mr A.H. Pershouse for a cost of 133 pounds. It consisted of a single room 26' x 16' and two verandahs.

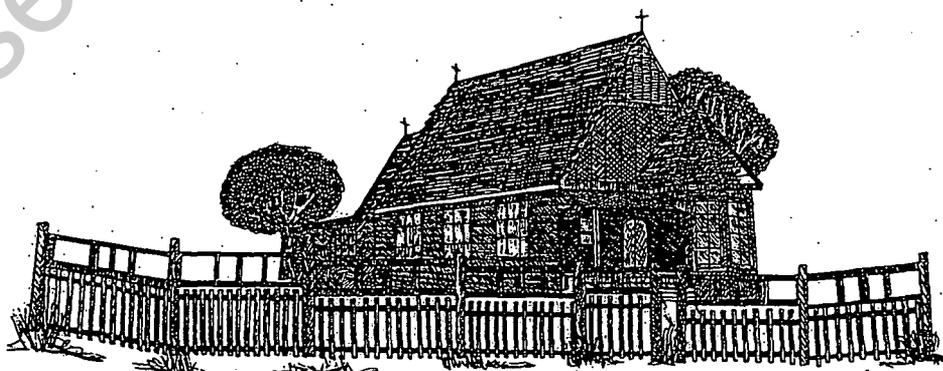

Tottenham was originally opened as a provisional school on 27th July 1903.

The first school committee consisted of: Messrs Ernest Weller (Chairman), John Bates (Secretary), Lois Olsen (Treasurer), Samuel Rothman and John Grills.

Twenty-three pupils were listed as being able to attend: Mary and George Hales, Matine, Jacob and Katie Olsen, Ernest, Elizabeth, Emma and Isabella Grills, Frederikke, Erna, Elna, Peder and Harturg Bulow, Alex and Louisa Rothman, Amelia, William, Arthur, Walter and George Wills, Roselina and Arthur Dabelstein.

The school was closed between May 1915 and January 1927 and finally closed on 31st August 1942.

The Tottenham school building was moved to Mullet Creek in 1919 and the land sold to Mr P.N. Hinricks.

Sch. Bldg. House  
Baffle Creek

Application for the Establishment of a Provisional School.

(Date) Jan 27<sup>th</sup> 1902

To The Honorable Secretary for Public Instruction, Brisbane.

Sir,

At a public meeting hold on the 27<sup>th</sup> day of January 1901, at Baffle Creek, of which fourteen days' notice was duly given in accordance with Clause 6 of the Regulations, the following gentlemen, namely:—

J. Grills J. G. Helen H. Hansen H. Nielsen  
L. P. Olsen F. H. Wells

were elected members of a Building Committee for promoting the establishment of a Provisional school at Baffle Creek.

2. Mr. F. H. Wells has been appointed Secretary to the Committee. His postal address is Rosedale via Bundaberg.

3. The number of children between the ages of five and fourteen years likely to attend the proposed school is . . . Annexed is a list of the same, and of their parents, which we certify to be correct.

4. The nearest school maintained or subsidized by the State is at St. Leon's Rosedale, distant 6 miles from the proposed site by the nearest road. The nearest State or Provisional schools within a radius of ten (10) miles are the following:—† Rosedale and North Baffle Creek

5. Enclosed is a lithograph plan of the locality showing the position of the proposed site, and of the nearest existing schools. The nearest Post Office is at Rosedale, distant 6 miles.

6. The proposed site consists of † ten acres and is situated † on crown land Baffle Creek

7. The total cost of the building, offices, tanks, and furniture is estimated at £ E 85 - 10 - 0 [see 1902.02 v.s. B]

8. Parcels containing school requisites should be addressed as follows, viz.:—

F. H. Wells  
Rosedale

9. We make this application under the provisions of subsection 1 of Regulation 8, and we undertake to comply with the conditions set forth therein.

10. We have the honour to request that a Provisional school may be established as proposed.

J. Grills Chairman  
F. H. Wells Secretary  
L. P. Olsen Treasurer  
H. Nielsen

Members of the Committee.

The maps herewith does not suffice to show the houses 16 of the 23 prospective pupils are now at Rosedale Rd. We have an acre or 29, not a well of 35- but will be more than half supplied by the opening of the road. We have applied for the people of Baffle Creek to contribute to the building, but we do not say whether they will contribute or not.

RELEASED

Chief Clerk,  
30 JAN 1902

# Report on new school buildings at Raffle Creek.

Rosedale,  
4<sup>th</sup> July, 1903.

Sir,

In reply to your memorandum no. 9800 of the 24<sup>th</sup> ultimus, requesting me to inspect the new Provisional School buildings at Raffle Creek, Tottenham, I have the honour to furnish the following report: -

1. The lithographic plans have been followed except as to size of buildings and veranda space. The building is 26 ft. x 16 ft., and it has two verandas, each 26 ft. x 7 ft. 2 in.
2. The buildings stand on Crown Land, and the site consists of 10 acres. (see area in Q. 3. Inds 2 & 4 p. 11)
3. The amount of the tender accepted by the Committee is £113. I did not see the document; it has been forwarded by the Committee to the Department.
4. The amount actually expended is £1-4, the Committee's share of the survey fee.
5. The buildings appear to be worth the money expended, and I believe that the transaction has been fair and honest throughout. The work has been specially well carried out in all details.
6. The requirements of regulation 7 (c) (4) have been complied with except as to blackboards: only one has been provided. I informed the Building Committee that another board must be provided, and the Secretary promised to attend to the matter as soon.
7. I know of no reason why a Departmental grant should not be paid.

I have the honour to be,

Sir,

Your obedient servant,  
H. Adcliffe

The Under Secretary,  
Dept. of Public Instruction,  
106-1908  
Brisbane.

Bentley Lodge,  
Baffle Creek,  
Rosedale.  
27-11-20.

To the  
Under Secretary,  
Dept. of Public Lands,  
BRISBANE.

Dear Sir,

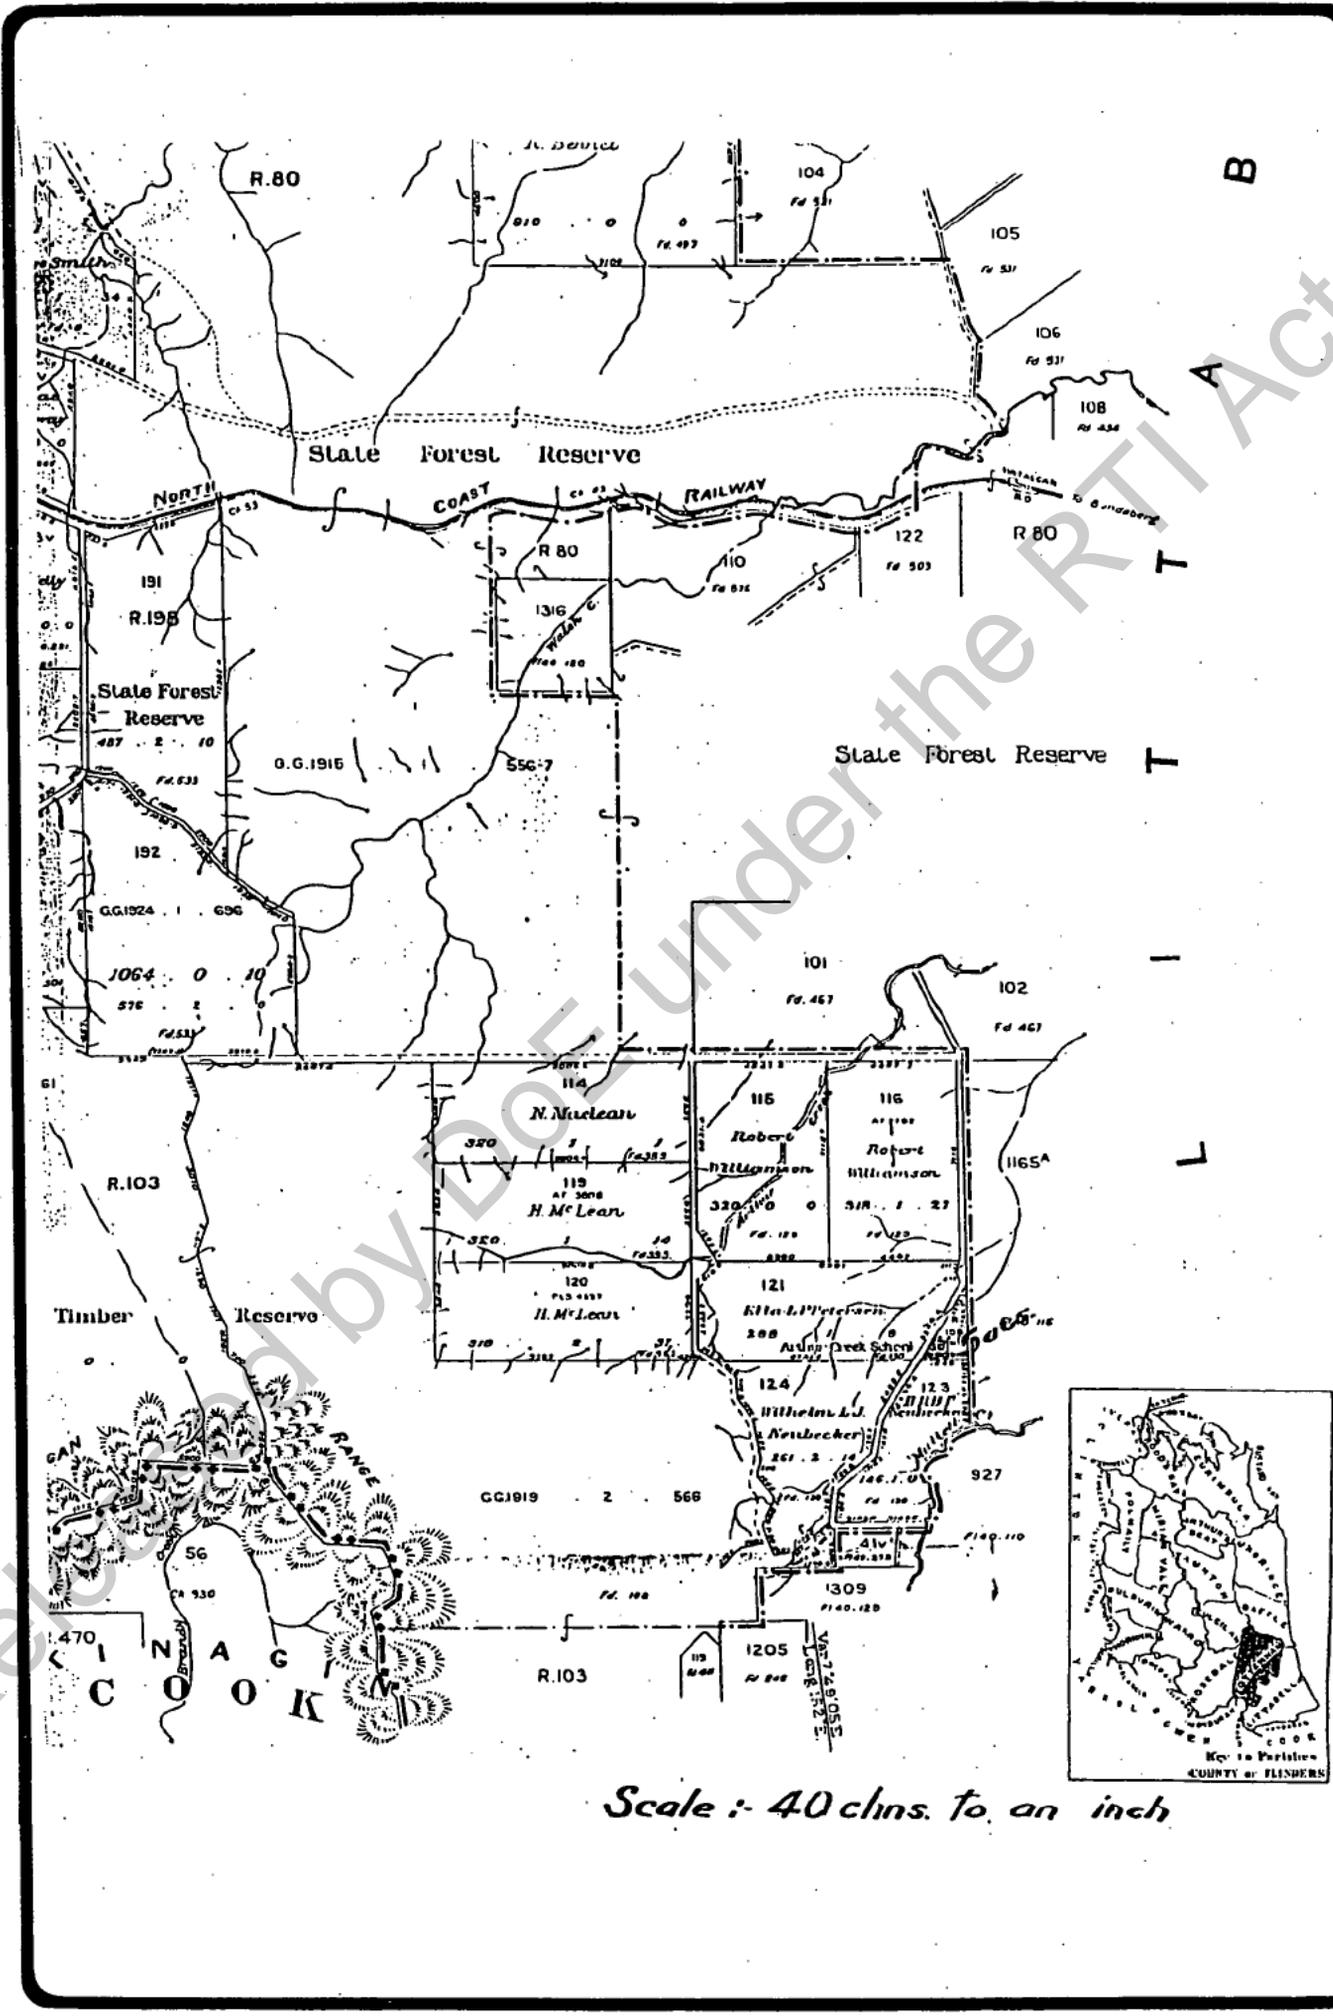

Mr. D. N. Hinricks of Rosedale purchased the lease of portion 2, parish of Tottenham, county of Flinders, area about 10 acres on 22-6-20, being the Tottenham School reserve and I understand that the improvements, viz., fencing, were valued at £10.6s.0d. ten pounds six shillings, and as this fence was erected by the School Committee without any assistance from the Education Dept. and has since been maintained by the school committee we now wish to lodge our claim for the above amount.

Yours faithfully,

J. C. HALES,

Hon. Sec. School  
Committee.

P.S. The School was built about 1902 or 3 and as the State finances were not good at the time the committee split and erected the fence themselves and then asked the Dept. to provide the wire. This request was refused and the Committee then provided the wire.

Scale : 40 chns. to an inch

### **NORTH BAFFLE CREEK SCHOOL**

The first school in the region was North Baffle Creek. A public meeting was held in June 1897 with the result that a request was made to the Minister for Education for the establishment of a provisional school. The school was sited on a part of Taunton Run. A school committee was formed with the following members: Messrs Alfred Pershouse, James Manning, James Wotton, Walter McClure, Harry Walker, Robert Hay and Joshua Head (Secretary).

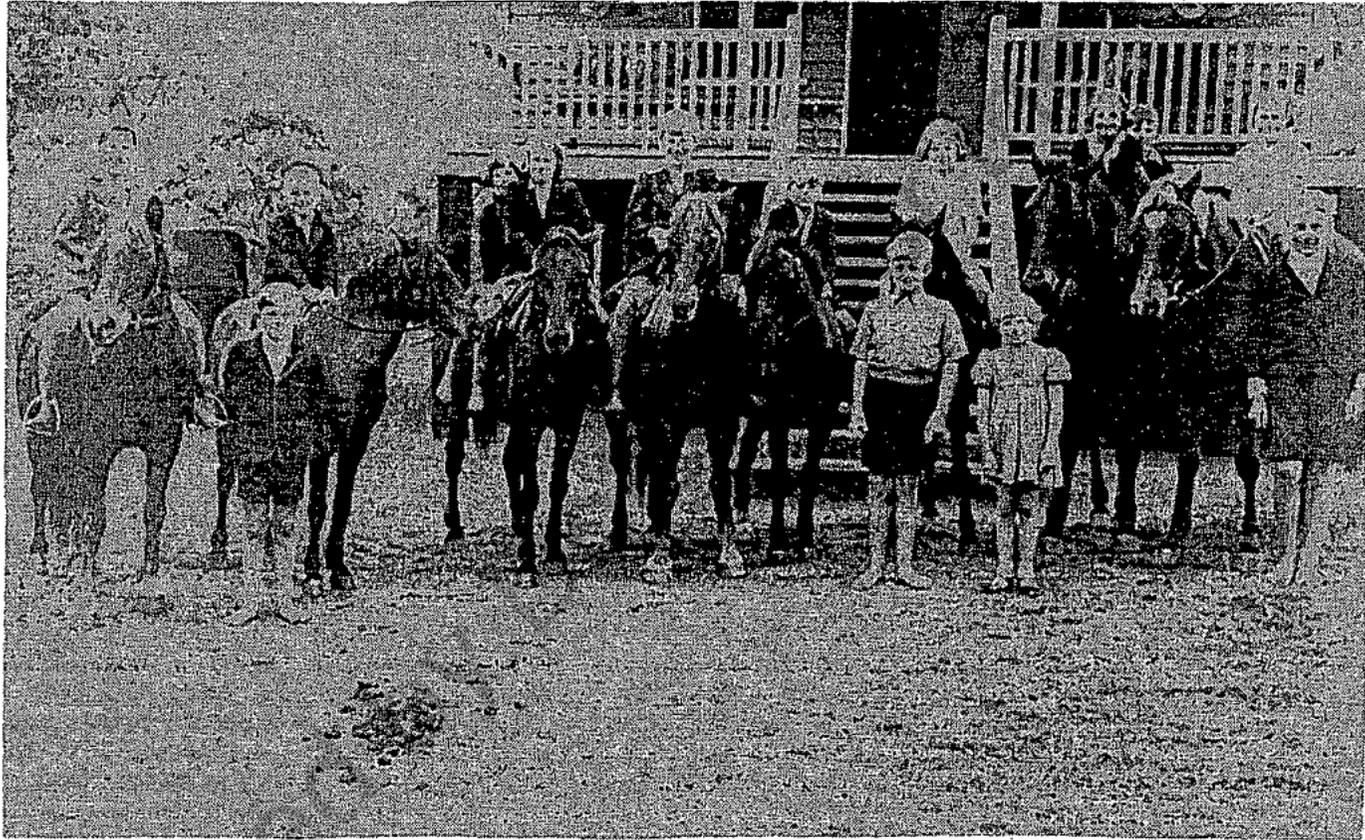

Eleven children were listed as being able to attend the school: Helen, Albert, Martha and Mabel Hay, Willie, Florence and Grace Walker, David, Ada and Vella McClure.

The first teacher, Mr Joseph Cummings commenced duties on 9th May, 1898.

The original school consisted of a single classroom with one verandah. A second verandah was added in 1916. The building was not lined and ceiled until 1933.

North Baffle Creek was closed between 17th September, 1945 and 5th June, 1950 due to low numbers. It finally closed on 26th June, 1960.

Rosedale  
To the Honourable the Secretary of  
Public Instruction Brisbane

Sir

At a public meeting  
held at Hopewell North  
Baffle Creek on 12 June 97  
it was decided to solicit  
the aid of the Honourable  
the Minister for Education  
in promoting the estab-  
lishment of provisional  
School at North Baffle  
Creek. The site proposed  
is on top of range on  
the resumed hill of  
Lannton run. I have  
forwarded under separate  
cover plan showing site  
marked in blue dots  
the red dots are Butstah  
and Rosedale Prop. Schools  
also forms filled in by  
parents of children  
and ages as required

I remain  
Yours faithfully  
James Grant  
Hon Sec

SCHEDULE I. (a).

Application for the Establishment of a Provisional School.

1897

To The Honourable The Secretary for Public Instruction, Brisbane.

Sir,

At a public meeting held on the 12<sup>th</sup> day of June 1897, at *Hopewell* *North Baffle Creek* of which fourteen days' notice was duly given in accordance with Clause 5 of the Regulations, the following gentlemen, namely:—

*Mr Alden Gardiner, Joshua Head, John Bradley, Osborne James Grant* were elected members of a Building Committee for promoting the establishment of a Provisional school at *North Baffle Creek*

2. Mr. *James Grant* has been appointed Secretary to the Committee. His postal address is *5 mile tree Rosedale Rd*

3. The number of children between the ages of five and fourteen years likely to attend the proposed school is *thirteen*. Annexed is a list of the same; and of their parents, which we certify to be correct.

4. The nearest school maintained or subsidized by the State is at *Murrays Creek*, distant *6* miles from the proposed site by the nearest road. The nearest State or Provisional schools within a radius of ten (10) miles are the following:— *Murrays Creek and Rosedale*

5. Enclosed is a lithograph plan of the locality showing the position of the proposed site, and of the nearest existing schools. The nearest Post Office is at *Rosedale*, distant *10* miles.

6. The proposed site consists of *1* *Household resumed* and is situated *5* *on top of ridge*

7. The total cost of the building, offices, tanks, and furniture is estimated *10 0 0*

8. Parcels containing school requisites should be addressed as follows, viz:—

9. We make this application under the provisions of subsection *C* of Regulation 8, and we undertake to comply with the conditions set forth therein.

10. We have the honour to request that a Provisional school may be established as proposed.

*James Grant, Joshua Head, Alden Gardiner, John Bradley, Osborne James Grant*

Members of the Committee.

\* This application should be accompanied by a letter giving full particulars.  
† Insert (if any) names of schools and distance from proposed site.  
‡ Insert acreage and description, and state whether the land is freehold, leasehold, selected, or Crown land.  
§ Describe position exactly, giving number of portion or allotment, if possible.  
|| See extract from Regulations printed on back of this sheet. Insert here either (b) or (c).

*Refer this application to the Arch. Insp. & Surveyor, for inquiry into the action taken by the Dept. of Public Instruction.*

Sir,

Duty - 9. 5. 98.

Your notification of my  
appointment to the position of teacher  
of the North Baffle Creek Provisional  
School dated May 3<sup>rd</sup> 1898 No <sup>2200 Dr</sup> 4663-98,  
I received on Thursday May 5<sup>th</sup> and  
beg to state that I left Maryborough on  
Saturday May 7<sup>th</sup> arriving at Murray's  
Creek Station same afternoon.

On Sunday, in company of one of the  
members of the building committee (there  
being no school committee at present)  
I visited the school premises and took  
charge of the school and requisites  
arranging the latter for Monday May 9<sup>th</sup>  
on which date I opened the school and  
started my duties.

Your obedient servant  
Joseph Cummings

Duty noted. J.M.

*The future - built on our past.*

**ROSEDALE STATE SCHOOL  1896 - 1996**

James St Rosedale Qld 4674 Ph (071) 565175

**Regulations under "The State Education Act of 1976," Clause 8.**

**ESTABLISHMENT OF PROVISIONAL SCHOOLS.**

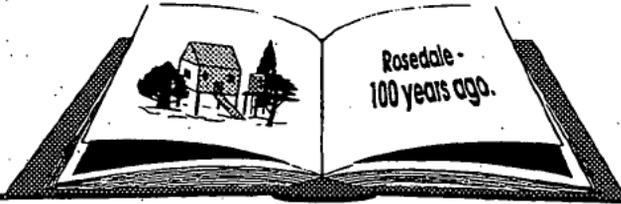

8. (a.) Under ordinary circumstances the Minister will not establish Provisional schools except in places distant at least four miles from any existing State or Provisional school by the nearest route practicable for children, and unless the average attendance of pupils is likely to reach twelve at the least.

(b.) A building provided by the local promoters at their own expense will be approved by the Minister for a Provisional school if it is suitable as regards situation, form, and size; if it is weatherproof, sufficiently lighted and furnished; and if there is detached closet accommodation for each sex. It should contain at least 204 square feet of flooring, the desks must be sufficient to accommodate at least two-thirds of the children, and there must be seats and hat-pogs for all. The school must be furnished with a blackboard (3 feet 6 inches x 2 feet 9 inches) and easel, a clock, a press for the reception of school books, a table, and a chair. The closets must be at least a chain from each other, and from the school.

(c.) Out of money voted by Parliament for the purpose, the Minister may contribute towards the cost of a Provisional school building, and of providing the required furniture, tanks, and closets, on the following conditions:—

- (1) That the local promoters have first submitted their proposals to the Department with an estimate of the cost, and have applied for and obtained from the Minister a promise to contribute to the same;
- (2) That the amount so contributed by the Department shall be not more than one-half of the total cost, and not more than £50;
- (3) That the building shall be placed on Crown lands if a central and otherwise suitable site thereon can be obtained; or, if built on private land, that a right-of-way shall be secured, and the land required leased to the Secretary for Public Instruction for a term of years to be agreed upon, at a nominal rent, the Minister having the right to remove the building before or at the expiration of that term;
- (4) That the building shall be not less than 21 feet in length by 14 feet in width and 9 feet in height to the wall-plates, and shall have a pitched roof, two or more windows, and a boarded floor, a verandah 7 feet wide on one side, two closets at least a chain apart, and at least a chain from the school, a tank of a minimum capacity of 400 gallons, and the following articles of furniture, viz.—four desks each 7½ feet long, six forms each 7½ feet long, a blackboard (3 feet 6 inches x 2 feet 9 inches) and easel, a press (3 feet x 4 feet x 1½ feet), a table, a chair, a clock; building and furniture to be in accordance with plans and specifications approved by the Minister;
- (5) That payment of the said contribution shall not be made until an inspector or other person authorised by the Minister has reported the building to be erected and furnished in accordance with the foregoing conditions, and that it is ready for occupation.

*The future - built on our past.*

**ROSEDALE STATE SCHOOL  1896 - 1996**

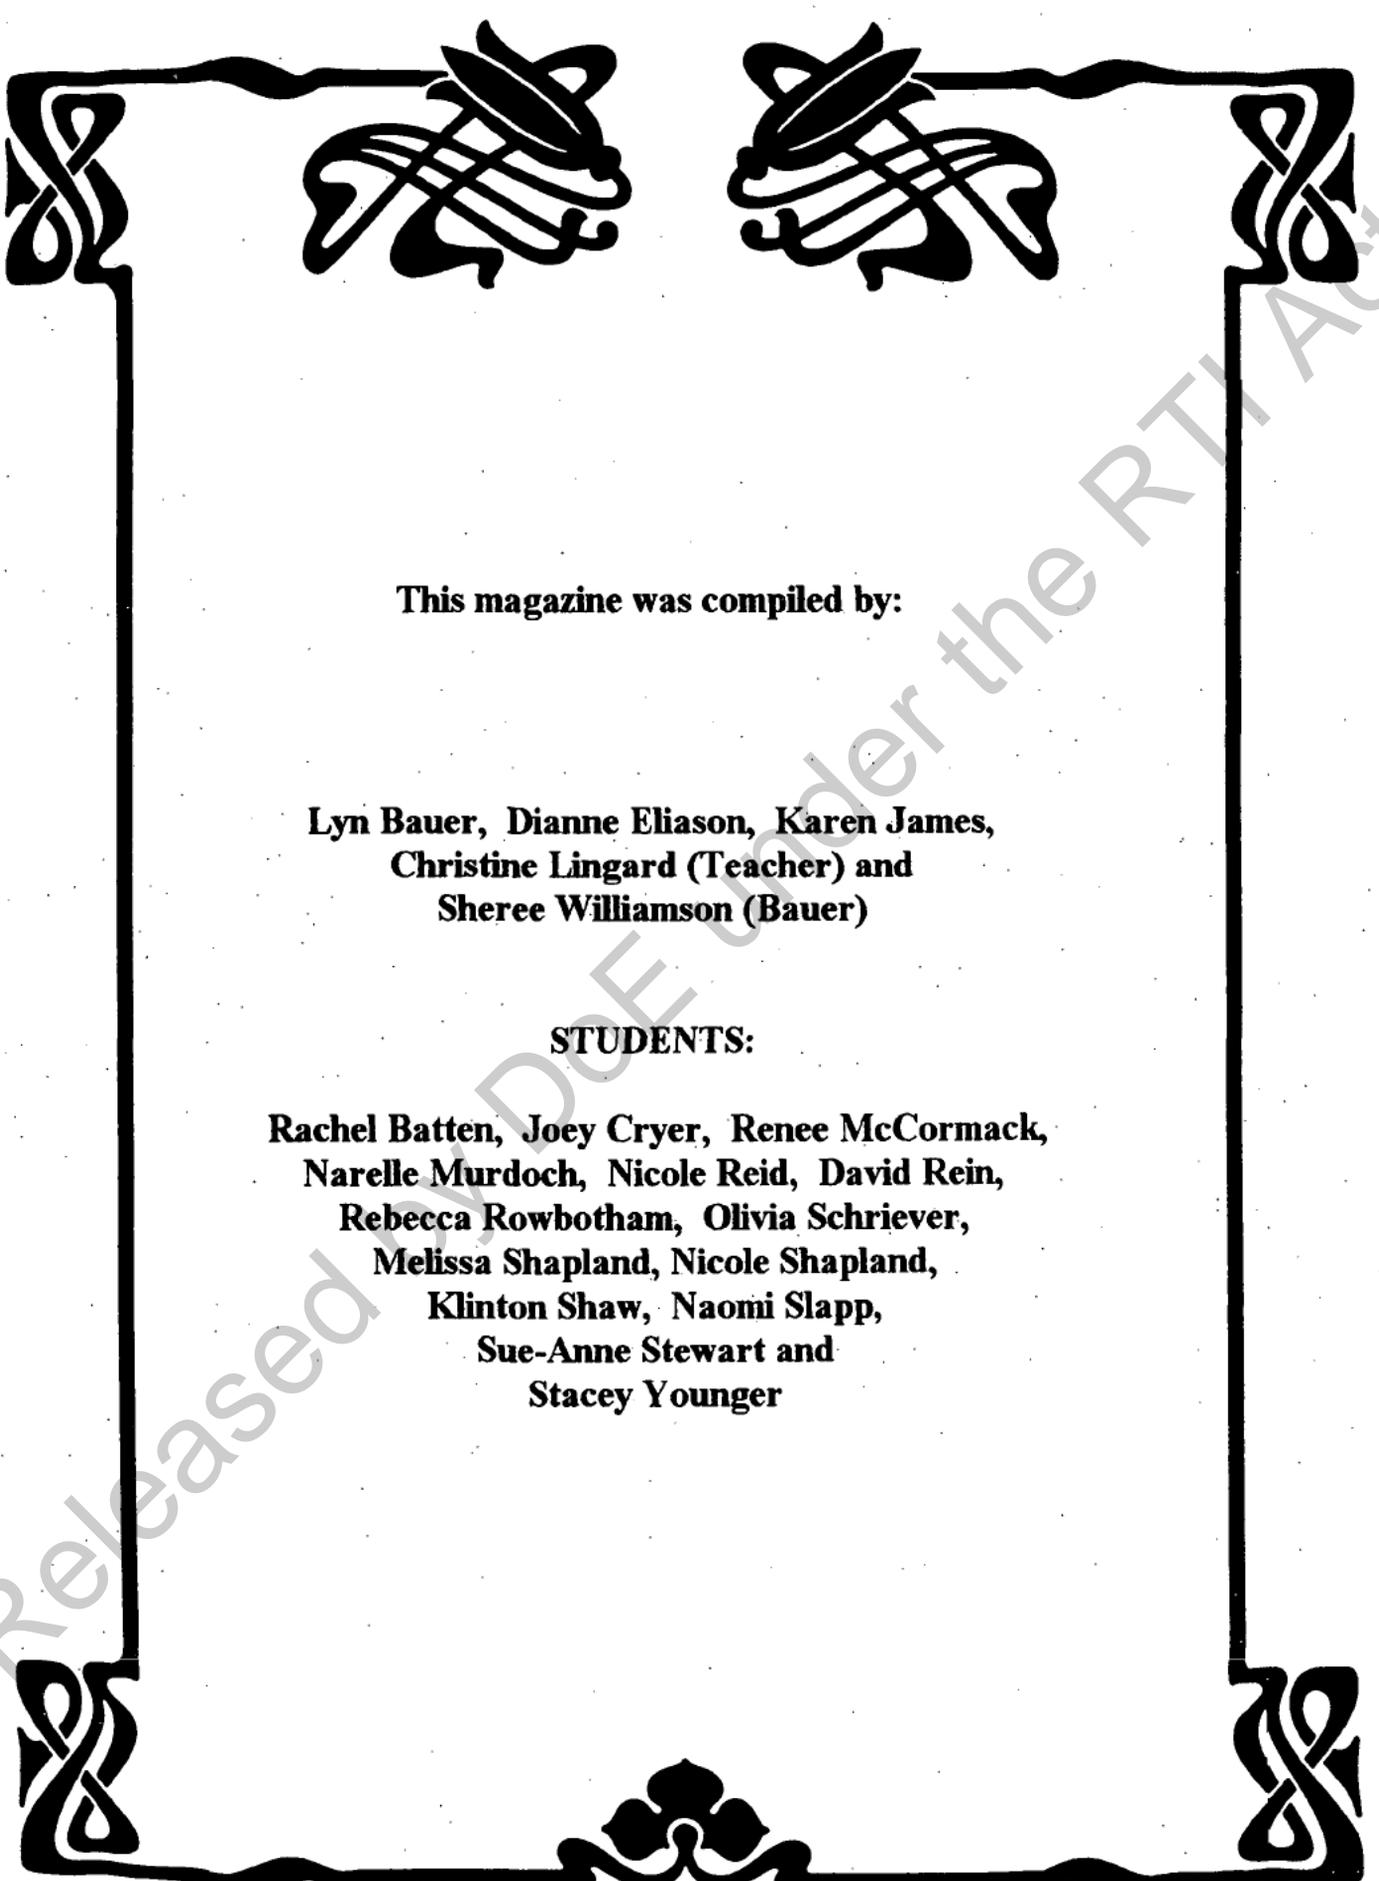

**James St Rosedale Qld 4674 Ph (071) 565175**

After this precis of the last 100 years of education at Rosedale and District, I feel confident that any future built on such an honourable past will surpass all our expectations.

**MERV McGOVERN**  
**DEPUTY PRINCIPAL**

After reading this outline of the history of Rosedale, and having seen the enormous amount of change since I've been in Rosedale as Head of Department since 1988, the future of the Rosedale School leading into the next century will be very exciting and rewarding.

**Year level duty** is the year level(s) being taught by the teacher at this time or in the case of support staff, the duties being performed at this time. Use the lowest and highest year levels taught, if the teacher is teaching a composite class e.g. a teacher teaching a composite class containing Year 1, Year 3 and Year 5 students should be recorded as 1-5.

"Year level duty" codes for support staff are as follows:

Teacher Librarian	TL
Physical Education	PE
Music Teacher	MU
Instr. Music	IM
District Reliever	DRT
Local Reliever	LRT

examples of "Year level duty" codes for teachers are:

7  
1-3  
4-7  
1-7  
0

(Preschool teachers will have year level "0" (zero)).

**Teaching capabilities** are the year levels and/or specialist areas for which a teacher has had formal training and is qualified to teach. Most primary school teachers would be trained to teach Years 1-7 and therefore would record 04, 05 and 06 in the teaching capabilities column. If they are qualified also to teach physical education, 07 would be recorded next to their name. There is space to record up to six teaching capabilities. Teaching capabilities should be recorded in **order of preference** e.g. a teacher who prefers to teach upper primary would have 06 as their first preference, a physical education teacher would have 07 as their first preference.

Teaching capabilities data will be collected only once and will be loaded onto the Department's computerised personnel database (EdPERS<sup>®</sup>). This field will then be updated by Regional Offices when staff apply for transfer.

#### 6. Checking return for accuracy and completeness

- (i) The sum of the year level enrolments should equal the total enrolments in the "Summary of Enrolments" section.
- (ii) Do not include class identifiers when completing staff details i.e. the year level should be recorded as "7" not "7a".
- (iii) All of the information on this return, except school name and employee name, will be entered into a computer database and printed reports will then be produced. There is **no need to type the information** onto the return. Neat legible handwriting will suffice. Please use a blue or black biro when completing the return.

#### 7. Inquiries

Inquiries concerning this collection can be made to Clerk(Statistics) on telephone (07) 237 0760 or your regional office.

## DEPARTMENT OF EDUCATION OPENING ENROLMENT RETURN

### INSTRUCTIONS

#### 1. Completion date

This return is to be an accurate count of the students effectively enrolled on **Friday 1 February 1991**. This return should be completed and forwarded on this date.

#### 2. Forwarding details

One copy of this return should be forwarded to

Clerk(Statistics)  
Department of Education  
PO Box 33  
Brisbane North Quay 4002

to be received by 6 February 1991.

One copy should also be sent to your Regional Office. (A good quality photocopy will suffice.)

#### 3. Summary of Enrolments

All students effectively enrolled at this school on Friday 1 February 1991 should be included on this return. A school includes the state school, the associated preschool (if applicable) and the associated special education unit (SEU) (if applicable).

All primary students should be recorded in year levels even if the school operates a multi-age system of forming classes, as the data is used to produce enrolment forecasts. The "ungraded" columns are to be used for recording students at SEUs who are not integrated into regular classes.

Preschools and SEUs are not required to complete separate returns. All students enrolled at preschools and SEUs are to shown on the host state school's return.

#### Special education students

Students enrolled in SEUs are to be included in the "SEU" row of the "Summary of Enrolments" in year levels or as ungraded. These students are also to be included in the "Total" row.

#### Preschool students

Preschool enrolments at the associated preschool or early education class should be included in the "Summary of Enrolments".

#### 4. Staff summary

Enter the number of each type of staff that perform duties at your school. Include itinerant staff (e.g. instrumental music teachers) as their full-time equivalents(FTE). For example, a music teacher who visits two days per fortnight would be equivalent to 2 days/10 days = 0.2 of a full-time teacher. Do not include staff on leave or consultants in this section. "Spec" includes all special teachers e.g. teachers at SEUs, remedial resource etc.

#### 5. Staff details

List the employee number, year level duty and teaching capabilities of all primary and preschool support staff and teachers. Include only those part-time and itinerant teachers who use this school as their base.

## 6. Staff details

List the employee number, year level duty and name of all administration staff, support staff and teachers on school in order beginning with the principal. Teachers should be listed beginning with the highest year level. Include part-time and itinerant teachers. The column "FTE" need only be completed for part-time and itinerant teachers. Other teachers will be assumed to be full-time. Include staff on leave and consultants in this section.

"Year level duty" codes for administration and support staff are as follows:

Principal	PR
Deputy Principal	DP
Ass. Princ. Jnr Pri.	APJP
Ass. Princ. Snr Pri.	APSP
Teacher Librarian	TL
Physical Education	PE
Music Teacher	MU
Instr. Music	IM
District Reliever	DRT
Local Reliever	LRT
Remedial Resource	RR
Spec. Ed. Unit	SEU
Secondary	SEC
Consultant	CON
On leave - paid	LVE/P
On leave - unpaid	LVE/U
LOTE teachers	LOTE

examples of "Year level duty" codes for teachers are:

7  
3/1  
7/4  
7/1  
P

(Preschool teachers will have year level "P" ).

## 7. Aboriginal and Torres Strait Islander (ATSI) enrolments

Please enter the total number of ATSI enrolments (preschool + primary + secondary + special) in the appropriate box at the bottom of the return. More detailed data (age x sex x year level) will be collected on the Census return.

## 8. Checking return for accuracy and completeness

- The sum of the enrolments in classes should equal the total enrolments in the "Summary of Enrolments" section.
- Do not include class identifiers when completing the class size details i.e. the year level of classes should be recorded as "7" not "7a".
- Please ensure that the number of teachers is recorded for each class. If there is only one teacher please write "1" in the "No. of teachers" column.
- All of the information on this return, except school name and employee name, will be entered into a computer database and printed reports will then be produced. There is **no need to type the information** onto the return. Neat legible handwriting will suffice. Please use a blue or black biro when completing the return.
- This return is to be completed twice per year, in February and July. To reduce the effort required to complete this return in July, it is advisable to photocopy the completed February return (if a **good quality A3 photocopy** can be made) and update the photocopy in July. The updated photocopy can then be forwarded in July.

## 9. Inquiries

Inquiries concerning this collection can be made to Clerk(Statistics) on telephone (07) 237 0760 or your regional office.

# DEPARTMENT OF EDUCATION EFFECTIVE ENROLMENT RETURN

## INSTRUCTIONS

### 1. Completion date

This return is to be an accurate count of the students effectively enrolled on **Friday 22 February 1991**. This return should be completed and forwarded on this date.

### 2. Forwarding details

This return should be forwarded to

Clerk(Statistics)  
Department of Education  
PO Box 33  
Brisbane North Quay 4002

to be received by 27 February 1991.

### 3. Enrolments and class size details

All students effectively enrolled at this school on Friday 22 February 1991 should be included on this return. A school includes the state school, the associated preschool (if applicable) and the associated special education unit (SEU) (if applicable).

All primary students should be recorded in year levels even if the school operates a multi-age system of forming classes, as the data is used to produce enrolment forecasts. The "ungraded" columns are to be used for recording students at SEUs who are not integrated into regular classes.

Preschools and SEUs are not required to complete separate returns. All students enrolled at preschools and SEUs are to shown on the host state school's return.

#### Special education students

Students enrolled in SEUs are to be included in the "SEU" row of the "Summary of Enrolments" in year levels or as ungraded. These students are also to be included in the "Total" row.

These students should also be included in the "Class Size Details" in regular classes if they are integrated, or as ungraded under composite classes if they are not integrated.

#### Preschool students

Preschool enrolments at the associated preschool or early education class should be included in the "Summary of Enrolments" and also in the "Class Size Details" using a year level of 0 (zero).

### 4. Preschool details

This section is to be completed only by state schools with an associated preschool.

Do not use 'nil' for numbers on waiting list use 0 (zero).

Indicate the type of session operating at the preschool by placing a "1" in the appropriate box.

### 5. Staff summary

Enter the number of each type of staff that perform duties at your school. Include itinerant staff (e.g. instrumental music teachers) as their full-time equivalents(FTE). For example, a music teacher who visits two days per fortnight would be equivalent to 2 days/10 days = 0.2 of a full-time teacher. Do not include staff on leave or consultants in this section. "Spec" includes all special teachers e.g. teachers at SEUs, remedial resource etc.

## 6. Staff details

List the employee number, year level duty and name of all administration staff, support staff and teachers on school in order beginning with the principal. Teachers should be listed beginning with the highest year level. Include part-time and itinerant teachers. The column "FTE" need only be completed for part-time and itinerant teachers. Other teachers will be assumed to be full-time. Include staff on leave and consultants in this section.

"Year level duty" codes for administration and support staff are as follows:

Principal	PR
Deputy Principal	DP

District Reliever	DRT	English as a Second Lang.	ESL
Local Reliever	LRT	Guidance Officers	GO
Learning Support Teacher	LST	Preschool Teachers	P
Spec. Ed. Unit	SEU		

examples of "Year level duty" codes for teachers are:

7  
3/1  
7/4  
7/1  
P (Preschool teachers).

## 7. Aboriginal and Torres Strait Islander (A&TSI) enrolments

Please enter the total number of A&TSI enrolments (preschool + primary + secondary + special) in the appropriate box at the bottom of the return. More detailed data (age x sex x year level) will be collected on the Census return.

## 8. Checking return for accuracy and completeness

- (i) The sum of the enrolments in classes should equal the total enrolments in the "Summary of Enrolments" section.
- (ii) Include class identifiers when completing the class size details i.e. the year level of classes should be recorded as "7a" or "7b".
- (iii) Please ensure that the number of teachers is recorded for each class. If there is only one teacher please write "1" in the "No. of teachers" column.
- (iv) All of the information on this return, except school name and employee name, will be entered into a computer database and printed reports will then be produced. There is no need to type the information onto the return. Neat legible handwriting will suffice. Please use a blue or black biro when completing the return.

## 9. Inquiries

Inquiries concerning this collection can be made to Information Officer (Data Management) on ☎ (07) 237 0764 or (07) 237 0343.

# Effective Enrolment Return

Data Management Unit, Department of Education

**94**  
Queensland

## INSTRUCTIONS

### 1. Completion date

This return is to be an accurate count of the students effectively enrolled on Monday 4 July 1994. This return should be completed and forwarded on this date.

### 2. Forwarding details

The original of this return should be forwarded to Central Office at the following address:

Information Officer (Data Management)  
Management Information Services Branch  
PO Box 33  
BRISBANE, ALBERT STREET Q 4002

to be received by 4 July 1994. Please forward a photocopy of this return to your regional office.

### 3. Enrolments and class size details

All students effectively enrolled at this school on Monday 4 July 1994 should be included on this return. A school includes the state school, the associated preschool (if applicable), the associated special education unit (SEU) and special education development unit (SEDU) (if applicable).

All primary students should be recorded in year levels even if the school operates a multi-age system of forming classes, as the data is used to produce enrolment forecasts. The "ungraded" columns are to be used for recording students at SEUs who are not integrated into regular classes.

Preschools and SEUs are not required to complete separate returns. All students enrolled at preschools and SEUs are to shown on the host state school's return.

#### Special education students

Students enrolled in SEUs & SEDUs are to be included in the "SEU/SEDU" row of the "Summary of Enrolments" in year levels or as ungraded. These students are also to be included in the "Campus Total" row.

These students should also be included in the "Class Size Details" in regular classes if they are integrated, or as ungraded under composite classes if they are not integrated.

#### Preschool students

Preschool enrolments at the associated preschool or early education class should be included in the "Summary of Enrolments" and also in the "Class Size Details" using a year level of 0 (zero). In the class size details record the total number of students in each unit, not the number of students in each session.

### 4. Preschool details

This section is to be completed only by state schools with an associated preschool. Do not use 'nil' for numbers on waiting list use 0 (zero).

Indicate the type of session operating at the preschool by placing a "1" in the appropriate box.

DEPARTMENT OF EDUCATION  
EFFECTIVE ENROLMENT RETURN

INSTRUCTIONS

**6. Staff details**

List the employee number, year level duty and name of all administration staff, support staff and teachers on school in order beginning with the principal. Teachers should be listed beginning with the highest year level. Include part-time and itinerant teachers. The column "FTE" need only be completed for part-time and itinerant teachers. Other teachers will be assumed to be full-time. Include staff on leave and consultants in this section.

"Year level duty" codes for administration and support staff are as follows:

Principal	PR
Deputy Principal	DP
Teacher Librarian	TL
Physical Education	PE
Music Teacher	MU
Instr. Music	IM
District Reliever	DRT
Local Reliever	LRT
Learning Support Teacher	LST
Spec. Ed. Unit	SEU
Secondary	SEC
Ed. advisors	EA
On leave - paid	LVE/P
On leave - unpaid	LVE/U
LOTE teachers	LOTE
SEDU teachers	SEDU
English as a Second Lang.	ESL
Guidance Officers	GO

examples of "Year level duty" codes for teachers are:

7  
3/1  
7/4  
7/1  
P

(Preschool teachers will have year level "P" ).

**7. Aboriginal and Torres Strait Islander (A&TSI) enrolments**

Please enter the total number of A&TSI enrolments (preschool + primary + secondary + special) in the appropriate box at the bottom of the return. More detailed data (age x sex x year level) will be collected on the Census return.

**8. Checking return for accuracy and completeness**

- (i) The sum of the enrolments in classes should equal the total enrolments in the "Summary of Enrolments" section.
- (ii) Include class identifiers when completing the class size details i.e. the year level of classes should be recorded as "7a" or "7b".
- (iii) Please ensure that the number of teachers is recorded for each class. If there is only one teacher please write "1" in the "No. of teachers" column.
- (iv) All of the information on this return, except school name and employee name, will be entered into a computer database and printed reports will then be produced. There is **no need to type the information** onto the return. Neat legible handwriting will suffice. Please use a blue or black biro when completing the return.

**9. Inquiries** Inquiries concerning this collection can be made to Information Officer (Corporate Data) on telephone (07) 237 0145.

**1. Completion date**

This return is to be an accurate count of the students effectively enrolled on **Monday 10 July 1995**. This return should be completed and forwarded on this date.

**2. Forwarding details**

The original of this return should be forwarded to

Information Officer (Corporate Data)  
Information Services Branch  
PO Box 33  
BRISBANE, ALBERT STREET Q 4002

to be received by **12 July 1995**. Please forward a photocopy of this return to your regional office.

**3. Enrolments and class size details**

All students effectively enrolled at this school on Monday 10 July 1995 should be included on this return. A school includes the state school, the associated preschool (if applicable), the associated special education unit (SEU) and special education development unit (SEDU) (if applicable).

All primary students should be recorded in year levels even if the school operates a multi-age system of forming classes, as the data is used to produce enrolment forecasts. The "ungraded" columns are to be used for recording students at SEUs who are not integrated into regular classes.

Preschools and SEUs are not required to complete separate returns. All students enrolled at preschools and SEUs are to shown on the host state school's return.

**Special education students**

Students enrolled in SEUs & SEDUs are to be included in the "SEU/SEDU" row of the "Summary of Enrolments" in year levels or as ungraded. These students are also to be included in the "Campus Total" row.

These students should also be included in the "Class Size Details" in regular classes if they are integrated, or as ungraded under composite classes if they are not integrated.

**Preschool students**

Preschool enrolments at the associated preschool or early education class should be included in the "Summary of Enrolments" and also in the "Class Size Details" using a year level of 0 (zero). In the class size details record the total number of students in each unit, not the number of students in each session.

**4. Preschool details**

This section is to be completed only by state schools with an associated preschool. Do not use 'nil' for numbers on waiting list use 0 (zero). Indicate the type of session operating at the preschool by placing a "1" in the appropriate box.

**5. Staff summary**

Enter the number of each type of staff that perform duties at your school. Include itinerant staff (e.g. instrumental music teachers) as their full-time equivalents(FTE). For example, a music teacher who visits two days per fortnight would be equivalent to 2 days/10 days = 0.2 of a full-time teacher. Do not include staff on leave or ed. advisors in this section. "Spec" includes all special teachers e.g. teachers at SEUs, remedial resource etc.
