

# Right to Information Application

## 340/5/3796

### Infrastructure Services Response

(a) Separately for each financial year from 2013 to present, the number of break and enter incidents at schools and the total cost of claims made by schools as a result of break and enter incidents:

Total Break and enters reported through State Government Security			
Financial Year	2013/2014	2014/2015	2015/2016 (up to and including 21 March 2016)
Number of Incidents	569	528	378

- Based on data provided by the State Government Security office

Resource Replacement Scheme (RRS) claims for losses as a result of break and enter or malicious damage			
Financial Year	2013/2014	2014/2015	2015/2016 (up to and including 21 March 2016)
Number of Claims	235	177	106
Costs	\$659,767	\$344,832	\$114,602

- Based on claims made to the Resource Replacements Scheme as at 21 March 2016
- Not all break and enters result in a claim being made to the Resource Replacement Scheme
- Schools have 3 months from the date of the incident to lodge a claim
- Based on processed claims, some may still be in progress

(b) Separately for each financial year from 2013 to present, the number of vandalism/malicious damage incidents at schools and the total costs of claims made by schools as a result of incidents of vandalism/malicious damage:

Total vandalism and graffiti incidents reported State Government Security			
Financial Year	2013/2014	2014/2015	2015/2016 (up to and including 21 March 2016)
Number of Incidents	791	636	460

- Based on data provided by the State Government Security office

Department of Housing and Public Works, Building and Asset Services Intentional Damage Rectification			
Financial Year	2013/2014	2014/2015	2015/2016 (up to and including 21 March 2016)
Number of work requests	618	70	70
Costs	\$683,483	\$93,321	\$143,961

- Costs data has been extracted from BAS unplanned maintenance reports
- Not all intentional damage is repaired/rectified by BAS and therefore total rectification costs are not collected centrally.
- School officers may repair/rectify some intentional damage without engaging BAS, particularly graffiti damage which may be cleaned off or painted over by cleaners or grounds staff.

(c) Separately for each financial year from 2013 to present, the number of arson incidents at schools, broken down by the number of reported cases and major arson incidents, and the cost of claims made by schools as a result of arson incidents:

<b>Total arson incidents at schools reported by Government Security</b>			
<b>Financial Year</b>	<b>2013/2014</b>	<b>2014/2015</b>	<b>2015/2016</b> (up to and including 21 March 2016)
Number of Incidents	19	19	10
Major incidents (over \$2000)	6	7	5
Costs	\$528,703	\$3,926,814*	\$1,105,000*

- \* Costs based on data available as at 21 March 2016 and includes estimates until final costs are determined.

<b>Resource Replacement Scheme (RRS) claims for losses as a result of fire/arson</b>			
<b>Financial Year</b>	<b>2013/2014</b>	<b>2014/2015</b>	<b>2015/2016</b> (up to and including 21 March 2016)
Number of Claims	12	19	12
Costs	\$5,524,350	\$1,877,779	\$325,928

- Based on claims made to the Resource Replacements Scheme as at 21 March 2016
- Not all fire and arson incidents result in a claim being made to the Resource Replacement Scheme
- RRS database does not differentiate between fire and arson, the figures includes all fire incidents
- Schools have 3 months from the date of the incident to lodge a claim
- Based on processed claims, some may still be in progress

(d) Separately for each financial year from 2013 to present, the total number of incidents causing loss or damage at schools that have resulted in claims being made by schools, and the total costs of those claims:

<b>Total number of incidents and costs</b>			
<b>Financial Year</b>	<b>2013/2014</b>	<b>2014/2015</b>	<b>2015/2016</b> (up to and including 21 March 2016)
Number of Incidents	247	196	118
Total Costs	\$6,184,117	\$2,222,611	\$440,530

- Based on claims made to the Resource Replacements Scheme as at 21 March 2016
- Not all break and enters result in a claim being made to the Resource Replacement Scheme
- RRS database does not differentiate between fire and arson, the figures includes all fire incidents
- Schools have 3 months from the date of the incident to lodge a claim

**(e) The top 10 schools with the most expensive claims between years 2013 and present as a result of vandalism/malicious damage/arson and the amount of these claims. Please include related CCTV/video footage and photos.**

	<b>School Name</b>	<b>Cost of Claim (\$)</b>
1	Mitchelton State High School	\$3,712,059
2	Cunnamulla State School	\$1,336,510
3	Marsden State School	\$855,463
4	Woodridge North State School	\$192,639
5	Koumala State School	\$190,919
6	Bli Bli State School	\$178,004
7	Mabel Park State School	\$159,427
8	Laidley State High School	\$150,212
9	Barkly Highway State School	\$120,962
10	Mabel Park State School	\$108,037

- Based on claims made to the Resource Replacements Scheme as at 21 March 2016
- Based on cost finalised with the Queensland Government Insurance Fund (QGIF)
- RRS database does not differentiate between fire and arson, the figures includes all fire incidents
- Schools have 3 months from the date of the incident to lodge a claim
- Duplication of Mabel Park State School is not an error it reflects two incidents
