s 73(2) - RTI - Information is irrelevant

Dear s 73(2) - RTI - Inform

Enrolment Appeal – s 73(2) - RTI - Information i

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the Gold Coast South District Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have established residency inside the boundary to be automatically eligible for enrolment.

Of course when your circumstances change your application can be reconsidered.

Should you wish to take this appeal further you may contact:

Mr Brian Streatfeild
Assistant Regional Director Gold Coast District
Department of Education and Training
PO Box 557, Robina Qld 4226
Phone: 5562 4888 Fax: 5562 4800

Yours sincerely,

The Principal
Palm Beach Currumbin High School

To whom it may concern,

My name is s 73(2) - RTI - Information and I am the mother of s 73(2) - RTI - Information who is currently 12 years old and attending s 73(2) - RTI - Information is irrelevant to the terms of the application in s 73(2) - RTI - Information Central Queensland.

When I first considered moving to the Gold Coast, I did a lot of research regarding the schools in the area and the quality of education that they offered. Palm Beach Currumbin High School was constantly being mentioned for its high level of achievement and the quality of care that the teachers give to the students that attend.

Being from s 73(2) - RTI - Information where there is no zoning rule that I am aware of, relocating to the Gold Coast I chose a location s 73(2) - RTI - Information is irrelevant to the terms of the application thinking that we were in close proximity and there would be no problem. Unfortunately what I found is that my son would miss the zoning area for the school by a matter of streets.

As a teenager, I myself attended the s 73(2) - RTI - Information is irrelevant to the terms of the application in Brisbane so was excited for my son to recently have the opportunity to try out for your Soccer and Cricket Excellence Programmes. Unfortunately he was unsuccessful so I find myself concerned that he may miss out on an opportunity to benefit from all that your school offers.

s 73(2) - RTI - Information currently has two cousins who attend s 73(2) - RTI - Information is irrelevant to the terms of the application who will be attending Palm Beach Currumbin High School in the next couple of years and was hoping to be able to stay together with his closest relatives. He also has a friend, s 73(2) - RTI - Information who already attends the school and I truly feel it will make his transition to a new city and new school a smoother experience to be able to have a familiar face when he is to start high school in 2012.

I hope that if it is possible to make an exception, that you would consider allowing s 73(2) - RTI - Information to become a student at Palm Beach Currumbin High as I assure you he will be a studious and productive student and an asset to your school.

Yours Sincerely,

s 73(2) - RTI - Information is irrelevant to the terms of the application

Hello all,

Re [Redacted] I do not support the enrolment appeal as out of zone & non acceptance to excellence programs.
It's a pity his mother did not take her research one step further & perhaps view school website?

To Whom it may concern

I recieved a phone call today to advise me that my son s 73(2) - RTI - In has not been accepted into PBC as we are out of the zone.

We live at s 73(2) - RTI - Inform and fall just out of the zone area, s 73(2) has been a student at s 73(2) since Pre-School and over the years has made long and lasting friendships with classmates, all of whom will be attending PBC.

His cousin who is in the same year will be attending PBC and I feel that it is in his best interest to be included in the enrolment.

I hope that you will reconsider this decision as I believe PBC has the best to offer my son as he enters into his senior schooling years and on into the workforce.

I look forward to hearing back from you with a decision.

Hi Mandi,

Trish Ryan here, filling in for Lynn Lloyd for the term.

I notice that the lease document for proof of the student's address shows the term expired on August [s 73(2) - RTI - Information is] 2011. The document being used to make this decision should be a current one, showing where the student is living now. I presume it is at the same address but document should reflect this so no confusion arises.

Hi Everyone

Today you will receive 2 enrolment appeals from me

1. s 73(2) - RTI - Inform (below)
2. (forwarded by Mandi via separate email)

I have declined both enrolments generally because we currently have 2086 students and there are currently over 20 oversized classes.

Adding to this:-

1. s 73(2) - family have informally transferred guardianship. Approving this application would create a dangerous precedence as I believe many families would do the same to circumvent the boundary.
2. Despite s 73(2) - RTI - Info pointing out that they are just outside the boundary, I do not see this as a mitigating factor. If I did then where would I draw the line 50m? 100m? 500m? In my view s 73(2) - RTI - Informat application revolves around family convenience and I have knocked back many such requests because we have no room.

Please respond to all - with your views asap (once you've received the s 73(2) - letter of course)

She doesn't have to be his legal guardian. She only needs to be enrolling him and indicating that he resides with her. She has provided informal guardianship information. The Education Act does not require evidence of legal guardianship for enrolment just proof of residence if an Enrolment Management Plan is in place.

Hi everyone,

If s 73(2) - RTI - I is s 73(2) - RTI - Informat legal guardian, is it appropriate that she provide documentary evidence eg Centrelink or Court Instruction (?). Or does the advice from Gregg Brain override ail?

Re s 73(2) - RTI - Inform as there are no extenuating circumstances & outside catchment, am not in support.

Thank you for the additional information.

I have asked legals about this type of situation. The advice given by Gregg Brain is that under the Act if the address given as the principal residence of the student is inside the catchment then the enrolment must be accepted. s 73(2)

s 73(2) - is enrolling s 73(2) - RTI - Informa and if she is able to prove that she resides within catchment then he is to be enrolled.

Hi Everyone

Today you will receive 2 enrolment appeals from me

1. s 73(2) - RTI - Informa (below)
2. (forwarded by Mandi via separate email)

I have declined both enrolments generally because we currently have 2086 students and there are currently over 20 oversized classes.

Adding to this:-

1. s 73(2) - family have informally transferred guardianship. Approving this application would create a dangerous precedence as I believe many families would do the same to circumvent the boundary.
2. Despite s 73(2) - RTI - Info pointing out that they are just outside the boundary, I do not see this as a mitigating factor. If I did then where would I draw the line 50m? 100m? 500m? In my view s 73(2) - RTI - Information application revolves around family convenience and I have knocked back many such requests because we have no room.

Please respond to all - with your views asap (once you've received the s 73(2) - R letter of course)

Subject: Enrolment Appeals

Hi Everyone

Today you will receive 2 enrolment appeals from me

1. s 73(2) - RTI - Inform (below)
2. s 73(2) - RTI - Inform (forwarded by Mandi via separate email)

I have declined both enrolments generally because we currently have 2086 students and there are currently over 20 oversized classes.

Adding to this:-

1. s 73(2) - R family have informally transferred guardianship. Approving this application would create a dangerous precedence as I believe many families would do the same to circumvent the boundary.
2. Despite s 73(2) - RTI - Info pointing out that they are just outside the boundary, I do not see this as a mitigating factor. If I did then where would I draw the line 50m? 100m? 500m? In my view s 73(2) - RTI - Informati application revolves around family convenience and I have knocked back many such requests because we have no room.

Please respond to all - with your views asap (once you've received the s 73(2) - R letter of course)

Enrolment Appeal - s 73(2) - RTI - Informatio

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the Gold Coast South District Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have established residency inside the boundary to be automatically eligible for enrolment.

Should you wish to take this appeal further you may contact:

Hi Everyone

I can answer these.

- 1) PBC runs a general get ready for high school program that all families of students with disabilities are able to attend.

We run it at the Currumbin Special School and participants are often referred to the program by District personnel / feeder schools.

We include all students just as we do all interested students in our maths competition / debating completion / school musical.

It is only once a student has established eligibility to enrol that they are then inducted into PBC by attending our school meeting PBC students etc.

This induction has not occurred for s 73(2)

- 2) We have a Special Education Program that caters for all students eligible to enrol.

s 73(2) - RTI - Informa

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the Gold Coast South District Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

Should you wish to take this appeal further you may contact:

s 73(2) - RTI - Information is irrelevant to the term

To whom it may concern,

I would like to apply for my son, s 73(2) - RTI - to attend Palm Beach Currumbin State High School even though we live one street out of the local catchment area. There are several reasons I would like s 73(2) to attend PBC.

s 73(2) - RTI - Information is irrelevant to the terms of the application

My employment requires me to work long hours. Due to this I rely on my parents to supervise s 73(2) before and after school. My parents live in walking distant of PBC at s 73(2) - RTI - Information is irrelevant. Without the support of my parents and without access to walk to their home s 73(2) would be home alone in the morning and afternoons. I feel strongly about having s 73(2) supervised as I think it is important to have constant guidance and support as you go through your teenage years. I also feel that it is important that s 73(2) sees that I work hard to provide us with a better life and that he will one day do the same for his family.

The second reason I would like s 73(2) to attend PBC is that all his school friends will also be attending PBC. I feel that it would be negative for s 73(2) not to attend the school all of his peers are attending. s 73(2) has been attending s 73(2) - RTI - Information is irrelevant since preschool and needs to have the stability of these friendships. s 73(2) - RTI - Information is irrelevant to the terms of the application

s 73(2) - RTI - Attending PBC would provide s 73(2) with the emotional stability of his lifelong friendships and the stability of his grandparents.

Thirdly, I could move into the local catchment area but I feel this would be an unnecessary expense as I currently pay less than the average rental cost. This is important as I am saving to buy a unit in s 73(2) - RTI - Informa and I have resided in s 73(2) - RTI - Information is irrelevant to the terms of the application tried to provide a stable and consistent environment.

I ask that you take the above into consideration when deciding whether s 73(2) can attend PBC. If this application is not approved by the Executive Principles Office, could it please be sent to the Out Of Area Committee of Enroiment for consideration?

If any further information is required please do not hesitate to contact me. My Parents are happy to provide a Statutory Declaration if required. Thank you for taking time to consider this application.

Yours Sincerely

Hello,

Re s 73(2) - RTI - In I do not support the enrolment appeal and that there are no extenuating circumstances.

I believe there is a bus that travels from s 73(2) - RTI - Info to PBC which would enable the student to travel to and from school from s 73(2) - RTI - Informati and still be supervised after hours?

I would think that not all s 73(2) - RTI - Information students enrol at PBC?

Dear Committee,

Further to the grade 8 enrolment form for our son s 73(2) - RTI - Information please find attached a further request for the "provision of access to an appropriate educational service for students resident within this community".

We request further special consideration for the enrolment of s 73(2) - R based on the following reasons:

1. While our home is technically not within the currently defined catchment area, it is **only** s **houses** from the boundary in s 73(2) - RTI - I Avenue as displayed below, and we regard Palm Beach Currumbin High School as our "**local school**" as it has the same name as our suburb, and s 73(2) - RTI - Information is irrelevant to the terms

s 73(2) - RTI - Information is irrelevant to the terms of the application

2. Palm Beach Currumbin High School “is the closest school by trafficable route”,

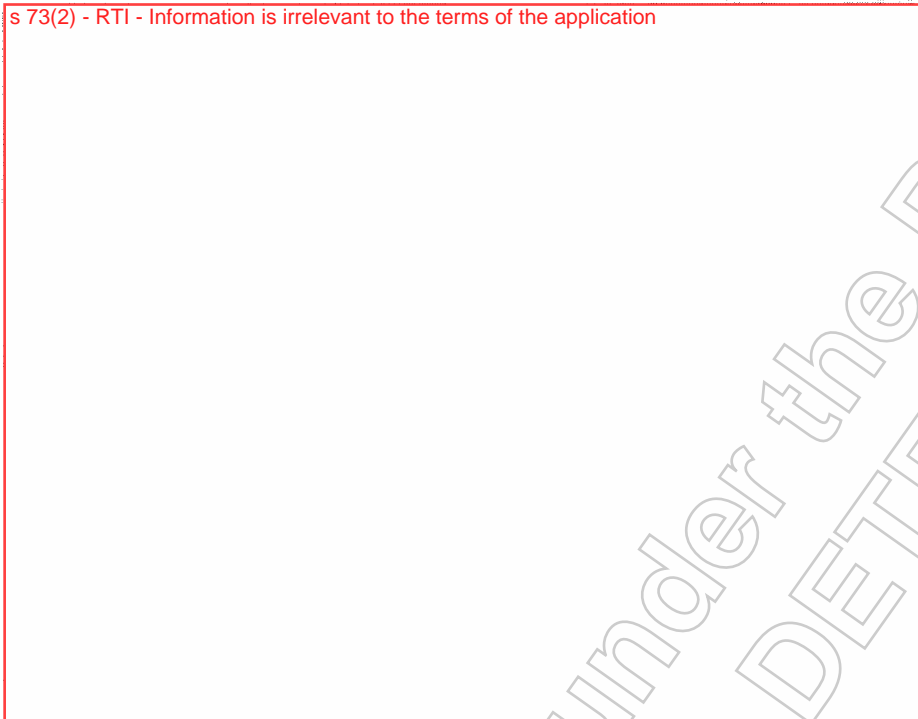

- a. As displayed below in scaled and annotated images supplied by the recognised Google Maps service; and
- b. Also by travelling the route to school at times consistent with the start and end times of the school day, taking into consideration realistic traffic flow and associated expected delays.

3. s 73(2) has not managed to reach his academic potential, as he has not found a peer group to settle into.

s 73(2) - RTI - Information is irrelevant to the terms of the application

Currently at his present school, s 73(2) - RTI - Information things are better, but he still spends too many lunch-hours alone in the classroom or the library.

Both s 73(2) - R and s 73(2) - RTI are small schools with limited resources and opportunities for s 73(2) to socialise with a group of peers he feels comfortable with.

As the study from the University of Queensland mentions on page 77; s 73(2) would have a better chance of finding a suitable peer group, and thus advancing academically, in a larger school.

"The counsellor at Case Study B commented:

I think one group that we haven't really touched on is those kids who are kind of rejected by their peer group who are at risk very much in a social way. In a smaller school there is less room for some of these kids to be in terms of there's a group of kids that are together be it girls or boys and they don't fit into that group for whatever reason, there's not a lot of room to move. Whereas in a bigger school there will be other kids who maybe don't fit in with the sporty group or the academic group or whatever and they can have enough."

http://www.dest.gov.au/sectors/school_education/publications_resources/profiles/addressing_educational_needs_of_boys.htm

As mentioned in the attached s 73(2) - RTI - Information is irrelevant to the terms of the application on page 15, one of the solutions that is simply not possible in a small school is the option to:

"Restructure of classes: removing the students from regular contact with each other; using temporary or long-term flexible learning arrangements".

s 73(2) - RTI - Information is irrelevant has attempted to assist s 73(2) but they are a small school, are limited in what they could offer, both in resources and in fellow pupils. I have attached a letter from s 73(2) - RTI - Information which includes some general information about s 73(2) last 12 months.

As the other choice of high school will not offer s 73(2) the opportunity to find his place in the world, we feel despite their best efforts he will continue to struggle, to his detriment.

If you could allow s 73(2) to enrol for grade 8 in 2012 it would be of great benefit for him, something that would pay dividends for the rest of his life.

According to Qld Transport figures, the shortest trafficable distance from:

s 73(2) - RTI - Information is irrelevant to the terms of the application

which means that s 73(2) - RTI residence is closer to s 73(2) - RTI - Information is irrelevant

These distances are current as at 18th November, 2011.

s 73(2) - RTI - Information is irrelevant to the terms of the application

The parents' statement that the "other choice of high school will not offer s 73(2) the opportunity to find his place in the world" and he will continue to struggle, cannot be substantiated and, in any case, is not one of the criteria for appeal.

As s 73(2) - RTI place of residence is outside the catchment boundary his application does not satisfy the relevant guideline.

Hello all,

I do not support enrolment appeal given he resides outside the zone.

By his parent's own admission, "our home is technically not within the currently defined catchment area."

I anticipate that other high schools within the area, not subject to catchment rules, would have larger enrolments than student has experienced in his primary years.

Further that they may also be able to accommodate needs socially & academically.

To be forwarded to "Out Of Zone Enrolment Committee"

I am writing in regards to enrolling my Son s 73(2) - RTI - Information into year 9, for 2012.

s 73(2) - has been at s 73(2) - RTI - Information is irrelevant to this past year, coming from s 73(2) - RTI - Information is in 2010.

Our wish is for him to attend Palm Beach Currumbin High as we feel he has been at a disadvantage having not attended s 73(2) - RTI - Information school. Although an excellent school we thought it was the right decision at the time, but have come to realise he is in need of a more normal/challenging environment as we do not see him reaching his full potential if he stays where he currently is.

Realising we are out of zone s 73(2) - RTI am putting him forward to PBC because I am currently employed s 73(2) - RTI - Information is and as such I get to see first hand what a great school Palm Beach Currumbin High School is. Explanation of the Decision

- The predicted enrolment of Special Education students at PBC for 2012 is 72 up from 56 in 2011.
- As such there are no spaces available for out of catchment enrolments into this program.
- The school does not have a special education unit - it runs mainstream special education classes.
- The staff criteria is one of the lowest in order of priority for out of boundary enrolment.
- It's intent is to support work life balance and also improve organisational efficiency by making it easier to meet parental responsibility.

Enrolment Appeal – s 73(2) - RTI - Inform

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the South East Regional Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have an established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

Should you wish to take this appeal further you may contact:

RE: New student enrolment application for [s 73(2) - RTI - Informa]

Dear Mr Loggie,

Our daughter, [s 73(2)] attended a selection trial for your Sports Excellence Program (S.E.P). [s 73(2)] has been recognised for her outstanding sports ability in netball, which we believe is a targeted sport within your school's SEP.

We were advised that [s 73(2) - R] application and trial was rejected.

This was not only disappointing for us, as her parents but also for [s 73(2)] who was looking forward to being part of your exciting SEP.

Therefore, we wish to have this unsuccessful enrolment reviewed by your Enrolment Management Committee. Our reasons for this review follow.

Our daughter's previous sports injuries were not taken into account during the trial.
[s 73(2) - RTI - Information is irrelevant to the terms of the application]

We believe that this injury was not taken into account when determining [s 73(2) - I] full netball potential for enrolment into your SEP.

[s 73(2)] had previously applied for enrolment at Palm Beach-Currumbin State High School in 2009 and was the application was successful. However, there were no places available for [s 73(2)] which left us with no alternative but to enrol [s 73(2)] at another school. Currently, [s 73(2)] attends [s 73(2) - RTI - Information is irrele]. However, her current high school does not develop her netball skills nor address her sporting capabilities.

[s 73(2) - RTI - Information is irrelevant to the terms of the application]

[s 73(2)] has always represented her primary and high schools (both NSW and Qld) in netball. [s 73(2) - RTI - Information is irrelevant to the terms of the application]

[s 73(2) - RTI - Information is irrelevant to the terms of the application]

We would be more than willing to assist with the application by providing previous school and coaches references highlighting s 73(2) - R sporting ability.

We understand that Palm Beach-Currumbin State High School can provide provisional status into the program allowing students to demonstrate improvement in certain aspects and thus retain a position in the S.E.P. If our daughters application did not meet the enrolment criteria due to her sporting injury s 73(2) - RTI - Inform may we request that you consider provisional status which will enable s 73(2) to demonstrate her sporting ability and her academic ability to you.

We look forward to your favourable reply.

Please do not hesitate to contact me should you wish to discuss this review further.

Kind Regards

s 73(2) - RTI - Information is irrele

Medical Condition Symptoms/Management	

It is essential that you advise the school before your child attends, if he or she has any medical condition/s. You must also inform the school administration staff as soon as you are aware of any new medical conditions.
Should your child need to take medication during school hours an Individual Health Plan, including Emergency Health Plan if relevant, or Authority to Administer Medication Form will need to be completed each year and retained at the office.
School staff may require more detailed medical information concerning your child in order to fulfil duty of care requirements. In such instances staff will approach you directly and seek your consent.

Enrolment Appeal - s 73(2) - RTI - Informat

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the South East Regional Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have an established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

Should you wish to take this appeal further you may contact:

To whom it may concern,

I am writing this letter as an attachment to my daughter s 73(2) - RTI - Informa out of catchment area application for enrolment at Palm Beach Currumbin High School.

Our family is relocating to the local area in January 2013 and so would like to enrol our daughter as soon as possible so that we might be better prepared for the beginning of the next school year.

I would be happy to provide the school with any documentation that may be required to prove residency in the local catchment area when such paperwork is drawn up.

Thanking you in advance for your consideration.

To the Enrolment Management Committee

RE: ENROLMENT APPEAL – s 73(2) - RTI - Inform – YEAR 8 2013 - OUT OF ZONE APPLICANT

We have received correspondence for the Enrolment Management Committee from parents of the above students.

The Application for Enrolment was declined as no grounds could be determined to accept these students into PBC.

For the Committee's consideration:

- a) We currently have 374 approved students for enrolment in Year 8 2013. We cannot accommodate out of zone students at this time.

Documents supporting the Appeal attached:

1. Letter from parent s 73(2) - RTI - Informa
2. Application for Student Enrolment form
3. School reports 2011 and 2012
4. Birth Certificate

After review, please send your email "REPLY TO ALL" as soon as possible. We would like to respond to this appeal by Tuesday 16 October 2012.

Thanking you for your cooperation.

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the Gold Coast South District Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

s 73(2) - RTI - Information is irre

Dear Stephen Loggie and appeal committee,

I s 73(2) - RTI - have recently applied for my daughter s 73(2) - RTI - Inform to attend Palm Beach Currumbin High through the sports excellence program due to being out of zone. Unfortunately s 73(2) - RTI application was declined as there are no current positions available. I appreciate the time and effort that Mandi Maddin has given to the application so far however I wish to ask that the decision may be reassessed due to compassionate reasons.

s 73(2) - RTI started high school this year at s 73(2) - RTI - Information is irrelevant to the to be starting high school however due to a change Principal's and his choice in a high academic curriculum and very little focus on sport s 73(2) - RTI - Information is irrelevant to the from being as actively involved in the school environment in comparison to last year, where she was highly regarded by her peers and teachers through them selecting her to be s 73(2) - RTI - Inform Through this s 73(2) - R was able to lead by example and be seen as a role model to her peers and younger students.

s 73(2) - RTI - Information is irrelevant to the terms of the application

I believe that the situation is having a detrimental affect on s 73(2) - RTI emotional and social well-being that cannot be healthy for a young girl to experience. The sudden change in her personality and negative outlook on life is of great concern to myself and her father which has led us to come to the decision of removing her from the situation. s 73(2) - RTI - Information is irrelevant to the terms of the appli

s 73(2) - RTI - Information is irrelevant to the terms of the application

Due to the reputation of some of the local schools in our area, I believe that s 73(2) - R would not get the best possible experience in attending them. Therefore on the advice and recommendation from several parents of students whom attend PBC I am asking to be accepted as an out of zone enrolment. I need this issue attended to as soon as possible as I have a fulltime job I am unable to take time off which is beginning to happen.

Thankyou for your time and I look forward to hearing from you soon,

Subject: Enrolment Management Committee - Enrolment Appeal Out of Zone Applicant

To the Enrolment Management Committee

RE: ENROLMENT APPEAL - s 73(2) - RTI - Information is irrelevant 2012 - OUT OF ZONE APPLICANT

We have received correspondence for the Enrolment Management Committee from parent s 73(2) - RTI - Information is irrelevant

The Application for Enrolment was declined as no grounds could be determined to accept this student into PBC.

For the Committee's consideration:

- a) The school is empathetic to the parent's appeal
- b) Based on school reports presented, s 73(2) - RTI - Information is irrelevant appears to be a good student
- c) PBC does have a place available in s 73(2) - RTI - Information is irrelevant for commencement in 2012

Documents supporting the Appeal attached:

1. Appeal letter from s 73(2) - RTI - Information is irrelevant
2. Application for Student Enrolment form
3. School reports 2011 and 2012
4. Birth Certificate

After review, please send your email "REPLY TO ALL" as soon as possible. We would like to respond to this appeal by Wednesday 23 May 2012.

Thanking you for your cooperation.

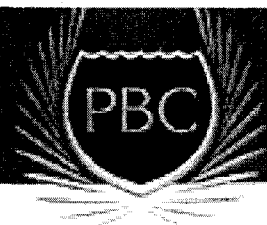

Kind regards

Enrolment Appeal - s 73(2) - RTI - Information is irrelevant

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the South East Regional Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have an established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

Dear Mr Loggie,

Good Morning. My son s 73(2) - RTI is currently in Year 7 at s 73(2) - RTI - Information is irre. They only have up to year 7 so I'm considering moving him to Palm Beach Currumbin State School next year.

I would like to request your approval that you may allow may son to enrol/joining as a year 8 at your school. s 73(2) - RTI is very much interested to enrol there since most of his friends & classmates are moving to PBC too.

My son tried to enrolled last May this year in your school's as sport excellent program for soccer but was unfortunate to make it. However, your school advised us that he is still welcome to enrol for year 8.

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the South East Regional Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have an established residency inside the boundary to be automatically eligible for enrolment.

Dear Mr Leggie,

I am writing this letter asking that you allow my daughter s 73(2) - RTI - Info to become a student at your school. We are located on s 73(2) - RTI - Information is irrelevant to the ter and are out of the catchment area by one road.

s 73(2) has attended s 73(2) - RTI - Information is i since pre-school and has grown up with a great number of her peers since that time. I ask that you consider allowing s 73(2) the opportunity and experience of attending school with the friends that she has always known to be there for her, helping her feel safe and supported in this big transition to high school. All of the friends that she has made during her time in primary school are attending Palm Beach Currumbin High School, and it would be quite scary for s 73(2) who has always suffered from s 73(2) - RTI - Information is irrelevant to the terms of the a friendships, if she had no one with her at her new school. I fear for s 73(2) if she has to make this transition on her own, as her s 73(2) - RTI - Information is irrelevant to the terms of the application may find school too daunting and unsafe for her.

s 73(2) has been seeing s 73(2) - RTI - Information is irrelevant to the terms of the application
s 73(2) - RTI - In for a number of years with these concerns of making and keeping friends, and I believe they would both feel this may be too much for her to handle at this time.

s 73(2) - RTI - Information is irrelevant to the terms of the application

I fear if s 73(2) is not allowed permission to attend your school, we would have to consider moving closer so that she has the opportunity to experience the wonderful facilities your school has. I do know from personal experience, as my entire family attended Palm Beach Currumbin State High School, along with s 73(2) - RTI - Information is irrelevant to the terms of I would love for my children to have the opportunity of attending the same primary school and high school I attended, and it makes me very proud to say that I am a dedicated local.

I do understand you have catchment areas for a reason, but my daughters' personal and academic growth is of the utmost importance to me, and if I didn't truly believe she would benefit from this, I

would not ask your permission. Our happiness lies in your hands, and I thank you for considering this request, and ask that you please take all concerns into consideration before making your decision. I thank you, and hope that you make a decision that will change the life of one very important person in my life.

Thank you

Thank you for your submission. The Committee which consists of myself, a P&C executive member, a staff member and an officer from the South East Regional Office have considered your request for special consideration of enrolment.

After assessing your submission the panel has determined that it does not meet the criteria expressed in our enrolment management plan and have therefore not approved your application.

Specifically, the policy is clear in its intent that you must have an established residency inside the boundary to be automatically eligible for enrolment.

Of course if your circumstances change your application can be reconsidered.

Stephen Loggie
Executive Principal

Dear Mr Loggie,

11/9/2012

I am writing this letter for my son, [s 73(2) - RTI - In] to be considered for special consideration for entry into PBC, Grade 8, 2013.

[s 73(2) - R] did try out for Sports Excellence – Rugby League, but was unsuccessful, referring to letter dated, 7 September, 2012. (attached)

We have a history with the school with both my older children, [s 73(2) - RTI - Information is] & [s 73(2) - RTI - Informa] attending PBC and have nothing but great things to say about their schooling experience.

[s 73(2) - RTI - In] left in [s 73(2) -] to attend [s 73(2) - RTI - Inform] in pursuit of a [s 73(2) - RTI - I]. She was signed to the [s 73(2) - RTI - Information is ir] at the age of [s 73(2) -]. She has very fond memories of the school and PBC were always very supportive of her choices.

[s 73(2) - RTI - In] attended PBC from year 8 to year 12 in the Academic Program and is now in his final year at [s 73(2) - RTI - Information is irrelevant to the terms of the application]. [s 73(2) - RTI - Informa] also enjoyed his years as a student at PBC.

[s 73(2) - RTI -] & [s 73(2) - R] were able to attend PBC as we purposely bought a house in the area – [s 73(2) - RTI - Information is irrelev]. Being new to the Gold Coast from [s 73(2) -], I researched all the schools and believed that PBC would be a great high school for all my children. My younger children, [s 73(2) - RTI - Information is irrelevant to the ter] currently attend [s 73(2) - RTI - Informa] and have done so since prep.

[s 73(2) - RTI - Information is irrelevant to the terms of the application]

[s 73(2) - RTI - Information] We had [s 73(2) -] children living at home and trying to find another house in the area that accommodated our needs was not easy.

Due to the fact that [s 73(2) - R] bought our house at bottom market price, this left us not being able to buy back into our own area. As you can imagine, the kids were very unsettled and did not want to leave their school & neighborhood. Since 2009 I have driven [s 73(2) - RTI - Inform] & [s 73(2) -] to school everyday so they can stay with their friends and within the community.

[s 73(2) - R] is a well behaved and considerate boy who always strives for excellence both in sports and in the classroom. [s 73(2) -] would love to attend PBC high school with his friends & I'm asking for special consideration for him to do so as we are now out of zone. I think he would thrive in PBC with their sporting facilities and culture as well as working hard academically. I would love for [s 73(2) -] to be able to maintain the friendships he has had since prep at [s 73(2) - RTI - Information is irrelev] at PBC. [s 73(2) - R] has always looked forward to attending the same high school his older siblings went to and would certainly not take the school facilities and culture for granted.

Thank you for your time,
Yours sincerely,

To the enrolment committee,

I have received an out of zone enrolment that has been unsuccessful that needs to be referred to the enrolment committee.

Upon review of the documents my advice is that the enrolment is not approved under the following grounds:

- Out of zone.
- Reports reflect lack of effort in his classes this year at s 73(2) - RTI -
- We will be only able to select one of s 73(2) - R elective choices as the other classes that he has specified are currently at capacity. This leaves him with another elective to pick. He will be picking a subject that he did not select and I have concerns around the application he may put into a class that he did not choose to study.
- Limited space in Year 9 for in-zone enrolments.

Could you please review the application.

Dear Everyone

I've checked the information that Damien has provided and it doesn't accurately describe the situation.

All core classes (ie non excellence or support) are at 28 or 29 (3 classes).

This effectively means there is no way to accommodate this student without exacerbating the oversize class issue.

RE: ENROLMENT APPEAL - s 73(2) - RTI - Informat - YEAR 9 2012 - OUT OF ZONE APPLICANT

We have received correspondence for the Enrolment Management Committee from parent s 73(2) - RTI - Info

The Application for Enrolment was declined as no grounds could be determined to accept this student into PBC.

For the Committee's consideration:

- a) PBC has limited spaces in Year 9 for in-zone applicants
- b) Middle School Director Damien Burke's Advice to Panel

Documents supporting the Appeal attached:

- 1. Letter from parent s 73(2) - RTI - Info
- 2. Application for Student Enrolment form
- 3. School reports 2011 and 2012
- 4. Birth Certificate

After review, please send your email "REPLY TO ALL" as soon as possible. We would like to respond to this appeal by Friday 20 July, 2012.

Thanking you for your cooperation.

Subject: Application for enrolment at PBC - s 73(2) - RTI - Informatio

Hello s 73(2) - RTI -

Thank you for submitting the application for s 73(2). As discussed when you visited our office last week, our Executive Principal and the teaching staff at PBC have very high standards for all students participating in the school's Excellence Programs. PBC's programs are very successful and highly competitive.

Unfortunately we do not have any places available in the program at the present time, and our Head of Department – Sports Excellence has advised that we would need to see improved Semester 2, 2012 school reports if we are to consider s 73(2) for inclusion in the 2013 program.

We strongly encourage s 73(2) to focus on his studies in all areas for the remainder of this semester, as we would very much like the opportunity of trialling him for the soccer program in 2013. In order to invite him to trial, we will need to see improved results (not only academic achievement, but also Effort and Behaviour) in his Semester 2, 2012 school report.

Please contact me again in December when you have received his Semester 2 report.

Our very best wishes to s 73(2) - RTI - Information is irrele

Regards,
Mandi
